

DR. RAVI JANGAMANI

Consultant - Nephrology

Qualification

MBBS - Jawaharlal Nehru Medical College, Belgaum, Karnataka | MD - General Medicine - Sri Siddhartha Medical College, Tumkur, Karnataka | DNB - Nephrology - Manipal Hospital, Bengaluru, Karnataka

Overview

Dr. Ravi Jangamani is a highly skilled and accomplished nephrologist and transplant medicine specialist in Bangalore. He is currently practising at Manipal Hospital Old Airport Road, Bangalore, as a Consultant - Nephrology and Transplant Physician. With a robust educational background and extensive clinical experience, Dr. Jangamani is known for his expertise in managing complex nephrology cases, including Kidney Transplants, Dialysis, Kidney Biopsies, and Critical Care Nephrology. He is proficient in various dialysis modalities, including intermittent and continuous hemodialysis, hemofiltration, hemodiafiltration, and peritoneal dialysis. His expertise extends to performing complex kidney transplants, including ABO-compatible and incompatible transplants, as well as transplants in HIV-positive individuals. He is the Best Kidney Specialist in Bangalore. Dr. Ravi Jangamani completed his MBBS from J.N. Medical College, where he laid the foundation for his medical career. Later on, he pursued his MD - General Medicine from Sree Siddhartha Medical College. Further advancing his specialisation, he completed a DNB - Nephrology at

Manipal Hospital, Bengaluru. Throughout his career, Dr. Jangamani has garnered recognition for his academic excellence and clinical expertise. Notably, he received the Best Paper Award at KAPICON 2005 for his paper titled “Clinical Profile of Rheumatic Heart Diseases”, a testament to his early dedication to advancing medical knowledge. His commitment to the field is also reflected in his membership in prestigious organisations such as the Indian Society of Nephrology, the Indian Society of Organ Transplantation, and the Indian Medical Association. In his professional journey, Dr. Ravi Jangamani has held several key positions within the Department of Nephrology at Manipal Hospital, Bangalore. He has served as an Associate Consultant, Specialist, and Post Graduate DNB trainee, contributing significantly to the department’s growth and patient care standards. He has active memberships with various organizations such as the Indian Society of Nephrology, Indian Society of Organ Transplantation, and the Indian Medical Association. An active participant in the academic and professional community, Dr. Jangamani has delivered numerous guest lectures. He has also been a faculty member for workshops at prominent conferences, including the AVATAR India Society Con in 2024. Dr. Jangamani has contributed significantly to medical literature, with several publications and presentations to his name. Dr. Ravi Jangamani's dedication to patient care, coupled with his extensive clinical experience and academic contributions, make him a respected figure in the field of nephrology.
