

DR. RAGHAVENDRA KHANAPUR

Consultant - Internal Medicine & Interventional Radiology

Qualification

MBBS | MD (Internal Medicine) | MD (Radio-Diagnosis) | FRCR Part-1

Overview

Dr. Raghavendra Khanapur, a highly experienced physician who comes with a unique blend of clinical expertise and diagnostic skills. He is currently practising as a Consultant – Internal Medicine & Interventional Radiology at Manipal Hospitals Sarjapur Clinic, Bengaluru. He holds postgraduate training in both Internal Medicine and Radio-Diagnosis, which allows him to provide accurate, comprehensive, and personalised care. His dedication is focused on improving the health and quality of life of his patients through preventive strategies, precise diagnosis, and effective treatments. Dr. Khanapur earned his MBBS from Rajiv Gandhi University of Health Sciences, where he also completed his MD in Internal Medicine and MD in Radio-Diagnosis. His academic background includes completing FRCR Part-1 (Fellowship of the Royal College of Radiologists, UK). He also holds fellowships in Body Imaging and Echocardiography, and has expertise in critical care management and ultrasound-guided interventional procedures. He provides a wide range of care, including the management of acute and chronic health conditions such as diabetes, hypertension, and thyroid disorders. His services also include

preventive health check-ups, wellness counselling, and advanced diagnostic imaging. He is also skilled in image-guided procedures and minimally invasive diagnostics. Dr. Khanapur's approach to care is rooted in the belief that every patient deserves to be heard, understood, and guided with compassion and empathy. He takes the time to explain health conditions in simple terms and involves patients in treatment decisions. He is fluent in Kannada, English, Hindi, and Malayalam, which helps him provide holistic and patient-centred care to a diverse group of individuals.
