Qualification

MBBS | MS | DrNB (Surgical Gastro) | FRCS (Intercollegiate-UK) | MRCS | FEBS (European Board HPB & Transplant), | Fellowship in Living/Cadaveric Liver & Pancreas Transplant (UK)

Overview

Dr. Sanjeev Rohatgi is a distinguished surgical gastroenterologist and liver transplant surgeon in Delhi, currently serving as Surgical Gastroenterology HPB & Liver Transplant Surgery, Robotic Surgery. With over 25 years of extensive clinical experience, he is highly skilled in managing complex hepatobiliary and pancreatic diseases as well as advanced liver transplant procedures for both adult and paediatric patients. Dr. Rohatgi holds an MBBS, MS, and Doctorate of National Board (DrNB) in Surgical Gastroenterology. He is further accredited with prestigious international fellowships, including Fellowship of the Royal College of Surgeons (FRCS) from the UK, Membership of the Royal Colleges of Surgeons (MRCS), and Fellowship of the European Board of Hepato-Pancreato-Biliary and Transplant Surgery (FEBS). His advanced training encompasses comprehensive expertise in liver, pancreas, and kidney transplantation, reflective of surgical standards aligned with global benchmarks. His clinical practice covers a broad spectrum of HPB surgery, including liver resections for benign and

malignant tumours, surgeries for biliary strictures and cholangiocarcinoma, pancreatic tumour resections, and management of acute and chronic pancreatitis. His expertise extends to pancreas transplantation and gastrointestinal oncologic surgeries involving gastric and colonic malignancies. At Manipal Hospital Dwarka, Delhi, Dr. Rohatgi prioritises patient safety, thorough multidisciplinary evaluation, and individualised treatment planning. He is committed to transparent communication and patient education, ensuring patients and families fully understand their care journey. Dr. Sanjeev's sincere dedication and diligent approach ensure every patient receives the highest standard of care. Dr. Rohatgi is an active member of leading professional bodies, including the Indian Association of Surgical Gastroenterology (IASG), International Hepato-Pancreato-Biliary Association (IHPBA), International Liver Transplant Society (ILTS), Association of Surgeons of India (ASI), and British Transplant Society (BTS). Dedicated to continual integration of evidence-based practices and innovative surgical techniques, he remains a pillar of advanced hepatobiliary and liver transplant care in Delhi.
