

DR. BISWAJIT PAUL

Consultant Interventional Neurologist

Qualification

MBBS | MD (General Medicine) | DM (Neurology)

Overview

Dr. Biswajit Paul is a distinguished senior interventional neurologist at Manipal Hospitals, Dhakuria, Kolkata, with a profound dedication to advancing patient care and neurological research. With 14 years of experience, including 10 years as a specialist, Dr. Paul pursued a DM in Neurology from Guwahati Medical College, Guwahati University, after completing his MD in General Medicine and MBBS from Silchar Medical College, Assam University. He further refined his skills with a two-year fellowship in Interventional Neurology and Endovascular Therapy from the Institute of Neuroscience-Kolkata (IN-K). Dr. Paul is proficient in performing over a thousand diagnostic Angiograms of the brain and spinal cord, along with various neuro-interventional procedures. His expertise encompasses managing neurological disorders such as stroke, vascular disorders of the brain and spinal cord, malnutritional disorders of the nervous system, migraine, multiple sclerosis, Parkinson's disease, and neuro-infections. He also specialises in conducting Digital Subtraction Angiography (DSA) of the brain and spine, Carotid and Vertebral Artery Stenting, Intracranial Artery Stenting, Mechanical Thrombectomy in acute ischaemic stroke,

Aneurysm Coiling, and Arteriovenous Malformation (AVM) Embolisation. Dr. Paul is a member of various esteemed neurology associations, such as the Indian Academy of Neurology (IAN), the Society of Neurovascular Intervention (SNVI), the Neurological Society of India (NSI), the Association of Neuroscientists of Eastern India (ANEI), the Indian Stroke Association (ISA), and the Indian Medical Association (IMA). He has also contributed to neurological research through scholarly articles and active participation in conferences, striving to unravel the mysteries of the human brain. Dr. Paul is fluent in English, Bengali, Assamese, and Hindi, fostering an environment of empathy and compassion for patients without linguistic barriers.

Fellowship & Membership

- Fellowship in Interventional Neurology and Endovascular Therapy from the Institute of Neuroscience-Kolkata (IN-K)
- Member of the Indian Stroke Association (ISA)
- Member of the Indian Academy of Neurology (IAN)
- Member of the Society of Neurovascular Intervention (SNI)
- Member of the Neurological Society of India (NSI)
- Member of the Association of Neuroscientists of Eastern India (ANEI)
- Member of the Indian Medical Association (IMA)

Field of Expertise

- Expert in managing stroke, vascular disorders of the brain and spine, dementia and Parkinson's disorder, specialising in their diagnosis, treatment, and long-term care.
- Specialised in performing Digital Subtraction Angiography (DSA) of the brain and spinal cord, utilising advanced imaging techniques for precise diagnosis and treatment planning.

- Proficient in Mechanical Thrombectomy for acute ischemic stroke, employing Minimally Invasive Procedures to restore blood flow to affected areas of the brain.
- Skilled in Carotid Stenting for coronary artery stenosis, employing cutting-edge interventions to address vascular issues and reduce the risk of stroke and other complications.
