

DR. PRASANNA KUMAR MISHRA

Senior Consultant – Urology and Transplant Surgery

Qualification

MBBS | MS (General Surgery) | MCh (Urology)

Overview

Dr. Prasanna Kumar Mishra is a distinguished senior consultant in the Department of Urology at Manipal Hospitals, Dhakuria. With over 43 years of experience in the field, he is recognised for his profound expertise in Urology and Renal Transplantation. He completed his MBBS from Berhampur University, followed by an MS in General Surgery from Sambalpur University. Dr. Mishra later completed his superspecialisation, an M.Ch. in Urology, from the Postgraduate Institute of Medical Education and Research (PGIMER), Chandigarh. Recognised as one of the best urologists in Dhakuria, Kolkata, Dr. Mishra has played a key role in advancing urological care. He has built extensive experience in Endourology, Laparoscopic Urology, and Urethroplasty. Dr. Misha is known for performing numerous successful Kidney Transplant procedures, overseeing preoperative donor assessment, organ procurement, and transplantation. He also holds a special interest in Andrology, with a focus on treating various male reproductive health conditions such as erectile dysfunction. As a distinguished member of the Urological Society of India (USI), Dr. Mishra has actively contributed to academic forums and clinical

research. The Urological Society of India Conference (USICON) honoured him with the Best Surgical Video Award, acknowledging his surgical skills and innovations. He has delivered numerous talks and orations and has contributed to the academic field through peer-reviewed publications. Fluent in Odia, English, Hindi, and Bengali, Dr. Mishra communicates effectively with patients from diverse linguistic backgrounds. His commitment to clinical excellence, academic contributions, and patient outcomes positions him as a leading authority in the field of Urology.

Fellowship & Membership

- Member of the Urological Society of India (USI)

Field of Expertise

- Specialises in Endourology, focusing on the diagnosis and treatment of urinary tract disorders using Minimally Invasive Techniques.
- Expertise in Laparoscopic Urology, performing surgical procedures on the urinary tract system, resulting in reduced post-operative pain and faster recovery times for patients.
- Skilled in Urethroplasty, repairing and reconstructing the urethra to address addressing conditions that affect urinary function.
- Specialising in Andrology, specifically the treatment of erectile dysfunction, offering comprehensive care and surgical interventions to address male sexual health issues, and providing effective solutions.
- Demonstrates expertise in Kidney Transplant Surgeries, encompassing donor evaluation, organ procurement, and transplant surgery, offering life-saving treatment options for

patients with end-stage renal disease.
