

DR. RABINDRA NARAYAN BHATTACHARYA

Consultant Neuro Surgeon

Qualification

MBBS | MS | MCh (Neurosurgery)

Overview

Dr. Rabindra Narayan Bhattacharya is a distinguished Neurosurgeon in South Kolkata at Manipal Hospitals, Dhakuria, Kolkata, with 18 years of experience. He completed his Bachelor of Medicine and Bachelor of Surgery (MBBS) and then attended the Institute of Medical Sciences, Banaras Hindu University (IMS BHU), where he earned his Master of Surgery (MS) and Doctorate of Medicine (MCh) in Neurosurgery. Dr. Bhattacharya began his academic career as a lecturer at the Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST), eventually rising to the position of Additional Professor before leaving. He subsequently joined Bharat Coking Coal Limited (BCCL) in Dhanbad as the Chief Consultant of the Neurosurgery Department. In 1998, he returned to SCTIMST as a Professor and Chairman of the Department of Neurosurgery, where he led numerous advancements in neurosurgical techniques and treatments. His leadership and expertise significantly elevated the department's status and contributed to its reputation as a leading centre for neurosurgery in India. Dr. Bhattacharya's contributions to the field extend beyond his clinical practice; he is also a revered educator and mentor, having trained numerous

neurosurgeons who have gone on to have distinguished careers. Dr. Rabindra Narayan Bhattacharya has made substantial contributions to the field of neurosurgery through his extensive research and numerous publications in reputed medical journals. His academic work is highly regarded, with several papers addressing critical areas of neurosurgery. Dr. Bhattacharya's research has provided valuable insights into the diagnosis, treatment, and management of complex neurosurgical conditions. Throughout his career, Dr. Bhattacharya has remained dedicated to continuous learning and staying abreast of the latest developments in neurosurgery. He has attended and participated in numerous international conferences, workshops, and seminars, where he has both shared his expertise and gained knowledge from global leaders in neurosurgery. His commitment to ongoing education ensures that he remains at the forefront of neurosurgical advancements, allowing him to incorporate cutting-edge techniques and technologies into his practice. This dedication not only enhances the quality of care he provides to his patients but also contributes to the continuous evolution of neurosurgical standards and practices.

Fellowship & Membership

- Life Member of the Indian Medical Association (IMA)
- Member of the Neurological Society of India (Paediatric Neurosurgery)
- Member of Cerebrovascular Society
- Life Member of the Society of Neurosurgery
- Member of Skull Base Surgery Society
- Past President of NSI (Neurological Society of India) Kerala Chapter

Field of Expertise

- Expertise in diagnosing and treating complex neurological conditions
- Advanced knowledge in neurosurgical procedures and treatment

Languages Spoken

- English
- Hindi
- Bengali

Awards & Achievements

- Vestibular schwannoma microsurgical total excision with preservation of the 7th nerve was performed for the first time in India in 1982.
- Endoscopic surgery training at Aesculap Academy in Germany in 1998 and endoscopic surgery subsequently popularised in India.
- More than 1,500 cases of microsurgical clipping of aneurysms were successfully completed.
- Over 250 cases of microsurgical excision of arteriovenous malformations (AVMs) were performed with results comparable to those of international surgeons.
