

DR. WRITTIK POREL

Consultant - Orthopaedics

Qualification

MBBS | M.S. Ortho

Overview

Dr. Writtik Porel, a distinguished orthopaedic doctor in Dhakuria, Kolkata, brings extensive expertise and a commitment to excellence to the esteemed team at Manipal Hospitals, Dhakuria. With over seven years of experience post-M.S., Dr. Porel has become a trusted name in the field of Orthopaedics, specialising in Arthroplasty, Arthroscopy, and Trauma. His journey into orthopaedics began with a strong foundation in medical education, earning an MBBS degree followed by an MS in Orthopaedics. During his postgraduate training, he developed a profound interest in Joint Replacement Surgeries, Minimally Invasive procedures, and the Management of traumatic injuries. Dr. Porel's expertise in Arthroplasty involves performing Joint Replacement Surgeries, including Hip, Knee, and Shoulder Replacements, to relieve chronic pain and improve joint function. He is also proficient in Arthroscopy, utilising minimally invasive techniques to diagnose and treat joint problems, ensuring faster recovery and minimal downtime for his patients. In the realm of trauma, Dr. Porel excels at managing and treating traumatic injuries, offering comprehensive care through Fracture Fixation, Complex Reconstructions, and Soft Tissue Repairs. A

firm believer in collaborative healthcare, Dr. Porel values teamwork and effective communication with patients and their families. Fluent in English, Hindi, and Bengali, he fosters a supportive and understanding environment, ensuring his patients feel informed and cared for throughout their treatment journey. His dedication and expertise have earned him recognition and accolades, reflecting his commitment to providing the highest standard of orthopaedic care.
