Overview

Dr. Jayanta Kumar Chakraborty is a renowned consultant specialist in the Department of Paediatrics and Neonatology, with over 42 years of experience in the field. His extensive qualifications include a B.Sc. with distinction from Calcutta University, an M.B.B.S. degree from Burdwan Medical College, a Postgraduate Diploma in Maternity and Child Welfare (D.M.C.W.) from Calcutta University, a D.C.H. from University College of Dublin, Ireland, a Postgraduate Programme in Paediatric Nutrition (PGPN) from Boston, and a Certificate Course in Neonatology from Kinderclinic Hospital, University of Vienna, Austria. His extensive child welfare and neonatology qualifications are complemented by training in prestigious European institutions. Dr. Chakraborty’s key areas of specialisation include Neonatology, Paediatric Care, Paediatric Nutrition, and the Public Health & Immunisation Programme. Beyond his clinical practice, he has held key roles in various hospitals, contributed to numerous national publications, and published articles in several newspapers and health magazines, television, and All India Radio. He is also actively invited as a guest speaker in scientific

meetings, CMEs, and worldwide conferences to talk about paediatric & neonatal diseases and he is the best paediatrician & neonatologist in Dhakuria. Fluent in English, Bengali, and Hindi, Dr. Chakraborty ensures effective communication with a diverse range of patients. His approach to care prioritises patient safety, satisfaction, and a personalised approach, ensuring that all medical decisions align with the patient's best interests, both during treatment and in follow-up care.

Fellowship & Membership

- Member of the Indian Medical Association
- Member of the Indian Public Health Association
- Member of the Indian Academy of Paediatrics
