

DR. SUMAN HALDER

Visiting Consultant - Cardiology

Qualification

MBBS | MD (Physiology) | DNB (General Medicine) | DrNB (Cardiology)

Overview

Dr. Suman Halder is a visiting consultant in the Department of Cardiology at Manipal Hospitals, Dhakuria, with 16 years of experience in Cardiovascular Medicine, including 9 years of experience in Interventional Cardiology. Dr. Halder embarked on his medical journey with the completion of a Bachelor of Medicine and Bachelor of Surgery (MBBS) from Burdwan Medical College, Burdwan, West Bengal, followed by a Doctor of Medicine (MD) in Physiology from the Institute of Post Graduate Medical Education and Research (IPGMER), Kolkata. He later obtained a Diplomate of National Board (DNB) in General Medicine and a Doctorate of National Board (DrNB) in Cardiology, both under the National Board of Examinations (NBE), New Delhi. Being a dedicated and committed cardiologist, Dr. Halder consistently seeks new advancements and techniques to enhance his approach to treating various conditions. During his training, he participated in several professional workshops and conferences, notably the India Live Fellows Course in Association with the American College of Cardiology, the Fellow Course in ICVD at the Madras Medical Mission Hospital, Chennai, and other workshops and conferences in Complex

Percutaneous Coronary Intervention (PCI), including Bifurcation PCI. He also undertook advanced training in Transesophageal Echocardiography (TEE) & Intra Vascular Ultra Sound (IVUS) from the Institute of Medical and Minimal Access Surgery Training (IMMAST), Mumbai, further complementing his practice in Cardiology. This makes him the best Heart Doctor in Dhakuria, Kolkata. Dr. Halder's expertise includes a range of areas, such as Coronary Artery Interventions, Cardiac Pacing Therapy, Cardiac Electrophysiology Studies, Arrhythmia Management, and Heart Failure Management. He also has a special interest in Structural Heart interventions. Moreover, he actively participates and speaks at many continuing medical education (CMEs) and conferences. Dr. Halder has also received numerous awards and recognition, with notable ones including 3rd Place in the CD Competition for Fellows at the 7th Annual Conference of the Society for Cardiac Interventions in 2015 and the Juthika Majumder Memorial Award, where he earned 3rd Prize for his outstanding scientific presentation at the Central Hospital, Kolkata. Well-versed in Hindi, English, and Bengali, Dr. Halder is driven by a 'patient-first' philosophy. He is widely recognised for his transparent, multidisciplinary approach, collaborative decision-making, and patient safety. His commitment to providing holistic and utmost care for his patients through interdisciplinary consultations makes Dr. Halder a distinguished cardiologist in the region.

Field of Expertise

- Specialises in Coronary Artery interventions, which aim to improve blood flow to the heart using cutting-edge procedures.
- Proficient in implantation and management of Pacemaker Devices, ensuring effective heart rhythm and heart rate regulation
- Expertise in treating arrhythmia via pharmacological and procedural treatments, guaranteeing normal cardiac function

- Skilled in executing Cardiac Electrophysiology Studies (EPS), aiding in effective diagnosis of electrical fluctuations in the heart, and guiding treatment plans
- Experienced in managing heart failure by focusing on preventive methods and advanced therapies, improving the quality of life for heart failure patients
- Expertise extends to Structural Heart Interventions, utilising advanced, minimally invasive procedures to enhance heart structure and function while minimising complications
