

DR. GOUTAM SAHA

Consultant – Orthopaedic Surgeon

Qualification

MS Orthopaedics (AIIMS)

Overview

Dr. Goutam Saha is a Senior Consultant Orthopaedic Surgeon at Manipal Hospital, Dhakuria, with over 35 years of clinical experience in orthopaedic surgery. He holds an MBBS degree from Calcutta Medical College and an MS in Orthopaedic Surgery from the All India Institute of Medical Sciences (AIIMS), New Delhi. Dr. Saha has extensive expertise across a wide spectrum of orthopaedic procedures, including fracture management and arthroplasties (joint replacement). His special areas of interest include hip fractures in the elderly, hand surgery, paediatric orthopaedics, and sports injuries. He is particularly known for integrating classical orthopaedic principles with modern advancements, including robotic-assisted surgery, while strictly adhering to AIIMS orthopaedic management protocols. Renowned for his strong clinical diagnostic skills, Dr. Saha ensures optimal surgical interventions. Having served IIEST (BE College) as Guest Faculty in the Department of Biomechanics, he maintains uncompromising standards in the selection of implants and prostheses. Beyond his surgical acumen, Dr. Goutam Saha is a senior life member of several prestigious professional bodies, including the: Indian Orthopaedic

Association (IOA), West Bengal Orthopaedic Association (WBOA), World Orthopaedic Concern (WOC), Indian Society of Biomechanics (ISB), Association of Spine Surgeons of India (ASSI), and the Shoulder Society of India (SSI).

Fellowship & Membership

- Indian Orthopaedic Association (IOA)
- West Bengal Orthopaedic Association (WBOA)
- World Orthopaedic Concern (WOC)
- Indian Society of Biomechanics (ISB)
- Association of Spine Surgeons of India (ASSI)
- Shoulder Society of India (SSI)

Field of Expertise

- Paediatric orthopaedics
- Hand surgery – eg. Wrist fractures, carpal tunnel syndrome (CTS), DQ’s disease
- Hip fractures, esp. in the elderly
- Joint replacements – classical and robotic, eg. knee, hip, and shoulder replacements
- Sports injuries – eg. ACL, meniscal injuries, and shoulder dislocations

Languages Spoken

- English
- Bengali
- Japanese
- German
- Hindi

Awards & Achievements

- Chief Editor, WBOA Journal
- World Orthopaedic Concern (WOC) Fellow
- European Spinal Deformities Society, UK (ESDS) Spine Fellow
