

DR. INDRANIL GHOSH

Consultant - Medical Oncology

Qualification

MBBS | M.D | D.M (Medical Oncology)

Overview

Dr. Indranil Ghosh is a consultant associated with the department of Medical Oncology at Manipal Hospital Dhakuria, Kolkata. With a distinguished academic background of MBBS from Medical College Kolkata, and M.D and D.M in Medical Oncology from AIIMS, New Delhi, Dr. Indranil Ghosh focuses on comprehensive treatment of cancer through an approach based in multidisciplinary action and use of modern treatment approaches. Over the course of his practice of over 18 years, Dr. Indranil Ghosh has remained associated with reputed medical institutions, including Tata Medical Centre and Apollo Multispeciality Hospital (formerly Apollo Gleneagles Hospitals). This strengthened his skills and expertise in providing multimodal cancer treatment, including diagnosis and supportive care, encompassing all aspects of medical oncology. Beyond his clinical acumen, Dr. Indranil Ghosh is a passionate researcher and educator, and is actively involved in contributing towards advancements in medical oncology through his numerous research works and publications. Furthermore, he has authored multiple book chapters and spoken at numerous conferences, which have proved essential in training experts of the

upcoming times. With an approach based in patient-centricity and compassion, Dr. Indranil Ghosh is a trusted name among patients needing advanced cancer care.
