

DR. ROOPA DEVI G

Consultant - Dental Medicine

Qualification

BDS

Overview

Dr. G Roopa Devi is an experienced dental surgeon in Bangalore. She is currently practising as a Senior Consultant - Dental Surgery at Manipal Hospital, Doddaballapur, Bangalore. With over a decade of clinical expertise, Dr. G Roopa Devi brings a patient-focused approach to dental care, combining precision, advanced techniques, and deep clinical understanding. Her core strengths lie in diagnostic accuracy, restorative treatments, and managing complex dental procedures with ease. She is adept at handling diverse dental concerns, from routine cleanings and fillings to surgical extractions and prosthetic rehabilitations. Her commitment to excellence and gentle approach make her a trusted dental professional for patients of all ages. Dr. Roopa completed her Bachelor of Dental Surgery (BDS) from Vokkaligara Sangha Dental College & Hospital, affiliated with Rajiv Gandhi University of Health Sciences, Karnataka. A gold medallist and the best outgoing student of her batch, she has maintained high academic and clinical standards throughout her career. Her deep understanding of dental science is matched by her practical experience in treating various oral conditions using evidence-based practices. She

specialises in root canal treatments, complete and partial dentures, restorative fillings, and oral prophylaxis. She also performs surgical procedures such as impactions, crown lengthening, and frenectomies with accuracy and care. Dr. Roopa's work underlines her focus on preserving natural tooth structure while ensuring aesthetic and functional outcomes. Her ability to explain procedures clearly helps patients make informed decisions about their oral health. Dr. Roopa is particularly passionate about preventive dentistry and community outreach. She has actively participated in numerous dental camps, offering treatments like extractions, cleanings, and restorations with limited resources in underserved areas. Her hands-on experience in these settings has sharpened her ability to adapt quickly and provide optimal care even in resource-constrained environments. Her communication skills and calm demeanour help alleviate dental anxiety, ensuring a comfortable experience for each patient. She is also skilled in utilising digital radiography for accurate diagnostics and follows rigorous infection control protocols to maintain the highest safety standards. Her practice integrates the latest techniques, including rubber dam isolation and magnification tools, to deliver high-quality, minimally invasive treatments. Dr. Roopa continuously updates her knowledge through workshops and Continuing Dental Education (CDE) programmes. Her academic curiosity and dedication to lifelong learning ensure that her patients benefit from the most recent advancements in dental care. She has presented at national-level conferences and participated in scientific forums, reflecting her ongoing commitment to excellence in clinical dentistry. Fluent in English, Hindi, Kannada, Tamil, and Telugu, Dr. Roopa ensures seamless and empathetic communication with patients from diverse backgrounds. She values building long-term relationships based on trust, education, and compassionate care, making her a reliable partner in maintaining your oral health.
