

DR. R SUNIL KUMAR

Consultant - Paediatric and Child Care

Qualification

MBBS | MD (Pediatrics) | DCH

Overview

Dr. Sunil Kumar R is an experienced paediatrician in Bangalore. He is currently practising as a Consultant - Paediatrics at Manipal Hospital Doddaballapur, Bangalore. Dr. Sunil Kumar brings over a decade of dedicated experience in the field of paediatrics, with expertise in managing a wide range of childhood illnesses, neonatal care, and paediatric emergencies. His clinical focus spans preventive paediatrics, growth and developmental assessments, and immunisation protocols. He has a compassionate yet thorough approach to treating acute and chronic conditions in children, ensuring every child receives individualised care tailored to their physical and emotional needs. He holds an M.D. in Paediatrics from M.K.C.G Medical College, Odisha, and a Diploma in Child Health (D.C.H.) from G.R. Medical College, Madhya Pradesh. He completed his M.B.B.S. from Vijayanagar Institute of Medical Sciences, Bellary, under Rajiv Gandhi University of Health Sciences, Bangalore. With a strong foundation in medical education and clinical training, Dr. Sunil Kumar has managed critically ill neonates and children in Paediatric and Neonatal Intensive Care Units and has provided hands-on emergency and inpatient care across

various paediatric subspecialties. His skill set includes neonatal resuscitation, paediatric advanced life support, umbilical access, lumbar puncture, exchange transfusion, and bone marrow aspiration. He is also adept at managing infectious diseases, respiratory distress, sepsis, and recurrent abdominal pain in children. Dr. Sunil Kumar has successfully led full-spectrum paediatric care, including outpatient evaluations, ward management, and developmental follow-ups for high-risk newborns. Dr. Sunil Kumar maintains a strong academic interest and has several national and international publications to his credit. His research contributions include studies on recurrent abdominal pain, viral hepatitis, diaphragmatic eventration, and harmful traditional practices in children. Through these works, he has significantly contributed to evidence-based paediatrics, enhancing awareness and guiding better clinical decision-making. A passionate educator, Dr. Sunil Kumar has trained undergraduate and postgraduate medical students during his early academic career. He remains an active member of the Indian Academy of Paediatrics (IAP) and the National Neonatology Forum (NNF), attending CMEs and conferences to stay current with evolving guidelines and innovations in child health. He has completed certified training in Neonatal Advanced Life Support (NALS) and Paediatric Advanced Life Support (PALS), reinforcing his commitment to providing life-saving care during critical moments. Dr. Sunil Kumar’s approach is grounded in clear communication, early diagnosis, and parent education. He takes time to address parental concerns, explains diagnoses in simple terms, and encourages proactive management of nutrition, immunisations, and child development. His warm and composed demeanour helps ease the anxieties of both parents and young patients, creating a reassuring environment. Dr. Sunil Kumar speaks English, Hindi, Kannada, Telugu, Tamil, Malayalam, and Odia, enabling him to communicate effectively with families from diverse linguistic backgrounds. He actively integrates advancements in clinical protocols with empathetic, child-focused care. His ability to build trust with families and his meticulous

approach to treatment make him a dependable paediatrician for patients across all age groups, from new-borns to adolescents.
