

DR. ASHWINI P

Consultant - Ophthalmologist

Qualification

MBBS | DNB (Ophthalmology)

Overview

Dr. Ashwini P is an experienced ophthalmologist in Bangalore. She is currently practising at Manipal Hospital Doddaballapur, as a Consultant - Ophthalmology. Dr. Ashwini specialises in cataracts, corneas, and refractive surgeries. She holds a Diplomate of National Board (D.N.B.) in Ophthalmology, which she completed in 2019 after earning her M.B.B.S. from a prestigious medical institution in Karnataka. She is the best eye specialist in Bangalore. With over five years of experience, Dr. Ashwini has honed her expertise in various ophthalmic procedures, including phacoemulsification cataract surgeries, anterior segment surgeries, and pterygium surgeries. Her extensive experience includes managing both routine outpatient eye conditions and ophthalmic emergencies. Dr. Ashwini has performed numerous successful surgeries and has gained substantial hands-on experience in dealing with patients suffering from cataracts, refractive errors, and corneal conditions. Dr. Ashwini is particularly skilled in phacoemulsification and refractive surgeries, which have become essential procedures for patients dealing with age-related or vision-corrective conditions. Her approach to eye care focuses on precise diagnosis and personalised

treatment plans to meet the individual needs of each patient. Over the years, Dr. Ashwini has developed a keen interest in preventive ophthalmology, ensuring that her patients maintain optimal eye health through regular check-ups and timely interventions. As a consultant at Manipal Hospital, she is committed to providing high-quality ophthalmic care using advanced diagnostic tools and modern surgical techniques. She regularly attends conferences and seminars to stay updated on the latest advancements in ophthalmology, ensuring that her patients benefit from the most current medical practices in the field. Dr. Ashwini is fluent in English, Kannada, and Hindi, which enables her to effectively communicate with a wide range of patients from different linguistic backgrounds. Her multilingual proficiency plays a vital role in patient education and postoperative care.
