Overview

Dr. Lohith U is a distinguished and highly respected Surgical Gastroenterology, Bariatric, and GI Oncology Senior Consultant at Manipal Hospitals Electronic City, Bangalore. He has impressive qualifications, including a specialisation in Surgical Gastroenterology and an advanced laparoscopy Certificate Course. His research paper "O' Configuration of Biliary-Enteric Drainage: a Preventable Surgical Error" was published in the prestigious Indian Journal of Surgery in April 2015. This insightful piece sheds light on an essential surgical error and highlights preventive measures to enhance patient safety. Furthermore, Dr. Lohith U's expertise extends to managing rare cases, such as a duodenal gastrointestinal stromal tumour causing massive upper GI bleed. He successfully employed a segmental resection of the duodenum to manage this challenging condition effectively. Dr. Lohith U's dedication to advancing knowledge and sharing his findings through talks and publications underscores his commitment to improving patient outcomes and establishing himself as a respected

authority in the field. Dr. Lohith U's field of expertise encompasses various branches of surgical specialities. Specialising in Hepato-Biliary, Dr. Lohith U has extensive knowledge and proficiency in treating liver, gallbladder, bile duct, and pancreatic conditions. His expertise enables the precise and meticulous performance of complex procedures such as liver resections, gallbladder removals, and biliary reconstructions. In addition, Dr. Lohith U has demonstrated exceptional proficiency in Colorectal surgeries, encompassing procedures involving the colon, rectum, and anus. With expertise in managing colorectal cancer, inflammatory bowel disease, and diverticulitis, Dr. Lohith U employs advanced surgical techniques and a comprehensive approach to ensure optimal patient outcomes. For the same reason, he is considered the best bariatric surgeon in Electronic City, Bangalore. Another field in which Dr. Lohith U excels is Gastro-Intestinal Oncology Surgeries. With a deep understanding of the complex nature of gastrointestinal cancers, he offers personalised treatment strategies, including tumour resections, lymph node dissections, and reconstructive procedures, to ensure the best possible outcome for his patients. Furthermore, Dr. Lohith U specialises in Bariatric Surgeries and Minimally Invasive Surgeries. Dr. Lohith U excels in weight-loss procedures like gastric bypass and sleeve gastrectomy, aiding patients in combating obesity and enhancing their overall well-being. With expertise in minimally invasive techniques, he ensures smaller incisions, minimal postoperative pain, and speedy recovery for his patients. Dr. Lohith U is a highly skilled and dedicated surgeon with expertise in many specialities, including Hepato-Biliary, Colorectal, Gastro-Intestinal Oncology, and Bariatric Surgeries. His extensive knowledge and commitment to utilising the latest surgical advancements demonstrate his dedication to providing comprehensive patient care. With a compassionate approach, Dr. Lohith U has earned a reputation as a highly sought-after and respected surgeon in his field.
