

DR. SHAIK JAVED HUSSAIN

Consultant - Minimally Invasive Surgery and General Surgery

Qualification

MBBS (Kurnool Medical College) | MS (General Surgery) | FMAS (NH) | FIAGES (SAGES) | Robotic surgery (Intuitive, USA)

Overview

Dr. Shaik Javed Hussain is an experienced robotic and minimally invasive surgeon in Electronic City with more than 16 years of general surgery experience including advanced robotic, laparoscopic, and laser surgeries. He is currently practising as a Consultant – Minimally Invasive Surgery and General Surgery, at Manipal Hospital Electronic City, with expertise in managing a broad range of gastrointestinal, colorectal, hernia, abdominal wall, breast, thyroid, proctology, and general surgical conditions. His extensive surgical experience and focus on minimally invasive techniques have positioned him among the best robotic and laparoscopic surgeons in Electronic City for advanced surgical care. Dr. Shaik Javed Hussain completed his MBBS, followed by an MS in General Surgery. He subsequently pursued advanced training in minimal access surgery, including FMAS and FIAGES, and has also received training in robotic surgery through Intuitive, USA. He is a Certified da Vinci Robotic Console Surgeon and has developed specialised expertise in using robotic and minimally invasive approaches for complex surgical conditions. His academic and professional training has equipped him to assess patients carefully and

select surgical techniques based on their individual clinical requirements. At Manipal Hospital Electronic City, Dr. Shaik Javed Hussain provides comprehensive surgical care across robotic, laparoscopic, laser, and general surgery. His clinical expertise includes robotic inguinal hernia repair, robotic ventral and incisional hernia repair, robotic gallbladder surgery, robotic colorectal procedures, robotic gastrointestinal surgery, robotic adhesiolysis, and robotic abdominal wall reconstruction. His laparoscopic practice includes hernia repair using TEP, TAPP, and IPOM techniques, laparoscopic cholecystectomy, appendicectomy, diagnostic laparoscopy, gastrointestinal surgery, adhesiolysis, and emergency laparoscopic procedures. His approach focuses on appropriate patient selection, surgical precision, and minimally invasive treatment wherever clinically suitable. With specialised training and experience in robotic and advanced minimal access surgery, Dr. Hussain is recognised for his expertise as the best robotic and laparoscopic surgeon in Electronic City. He is associated with professional organisations including the Association of Surgeons of India (ASI), Association of Minimal Access Surgeons of India (AMASI), Indian Association of Gastrointestinal Endo Surgeons (IAGES), and the Association of Colon & Rectal Surgeons of India. His professional achievements include receiving the Gold Medal for Best Outgoing Fellow in Minimal Access Surgery from Rajiv Gandhi University of Health Sciences (RGUHS). He is also a Certified da Vinci Robotic Console Surgeon trained through Intuitive, USA. Dr. Javed Hussain speaks English, Hindi, Telugu, Kannada, Tamil, and Urdu, enabling him to communicate with patients from diverse linguistic backgrounds.

Fellowship & Membership

- Association of Surgeons of India (ASI)
- Association of Minimal Access Surgeons of India (AMASI)
- Indian Association of Gastrointestinal Endo Surgeons (IAGES)

- Association of Colon & Rectal Surgeons of India
- Robotic Surgery Society / relevant robotic surgery forums
- Indian Association of Surgical Gastroenterology - 6288

Field of Expertise

- Robotic Surgery
- Robotic Inguinal Hernia Repair
- Robotic Ventral & Incisional Hernia Repair
- Robotic Gallbladder (Cholecystectomy)
- Robotic Colorectal Surgery
- Robotic Gastrointestinal Surgery
- Robotic Adhesiolysis
- Robotic Abdominal Wall Reconstruction
- Advanced Laparoscopic Surgery
- Laparoscopic Hernia Repair (TEP, TAPP, IPOM)
- Laparoscopic Cholecystectomy
- Laparoscopic Appendicectomy
- Diagnostic Laparoscopy
- Laparoscopic Gastrointestinal Surgery
- Emergency Laparoscopic Procedures
- Adhesiolysis
- Laser Surgery
- Laser Treatment for Piles (Hemorrhoids)
- Laser Fistula Surgery
- Laser Fissure Surgery
- Laser Pilonidal Sinus Surgery
- Laser Varicose Vein Treatment (EVLT)
- Stapler Circumcision
- Stapled Hemorrhoid Surgery
- Hernia & Abdominal Wall Surgery
- Inguinal Hernia

- Umbilical Hernia
- Femoral Hernia
- Epigastric Hernia
- Incisional Hernia
- Ventral Hernia
- Recurrent Hernia
- Complex Abdominal Wall Reconstruction
- Gastrointestinal Surgery
- Gallstones
- Appendicitis
- Small Intestinal Disorders
- Bowel Obstruction
- Gastrointestinal Emergencies
- Benign Gastrointestinal Diseases
- Colorectal Surgery
- Piles
- Fissure
- Fistula-in-Ano
- Pilonidal Sinus
- Rectal Bleeding Evaluation
- Colorectal Disorders
- Breast & Thyroid Surgery
- Breast Lump Evaluation
- Fibroadenoma
- Breast Abscess
- Thyroid Nodules
- Goitre
- Hemithyroidectomy
- Total Thyroidectomy
- General & Day-Care Surgery
- Lipoma
- Sebaceous Cyst
- Dermoid Cyst

- Gynaecomastia
- Abscess Drainage
- Soft Tissue Tumours
- Skin & Soft Tissue Surgery
- Lymph Node Biopsy
- Diabetic Foot & Chronic Wound Management

Languages Spoken

- English
- Hindi
- Telugu
- Kannada
- Tamil
- Urdu

Awards & Achievements

- Gold Medal – Best Outgoing Fellow in Minimal Access Surgery (FMAS), Rajiv Gandhi University of Health Sciences (RGUHS).
- Certified da Vinci Robotic Console Surgeon (Intuitive, USA).
- Invited speaker on "Scope of Robotic Surgery" at academic meetings and continuing medical education (CME) programs.
- Active participant in national surgical conferences, workshops and training programs focused on robotic, laparoscopic and minimally invasive surgery.
