

DR. GOWTHAMI K L

Consultant - Paediatrics

Qualification

MBBS | DNB (Paediatrics)

Overview

Dr. Gowthami K L is a highly skilled paediatrician providing comprehensive clinical care for newborns, infants, and children. Dr. Gowthami K L is currently practising as a Consultant – Paediatrics at Manipal Hospital Electronics City, Bangalore, where she manages routine and complex paediatric conditions. With specialised postgraduate training in general paediatrics and adolescent care, she is dedicated to delivering evidence-based, compassionate medical management for acute and chronic childhood illnesses. Recognised for her patient-centric approach and diagnostic precision, Dr. Gowthami is regarded as a trusted paediatrician in Electronics City. Dr. Gowthami K Li completed her undergraduate medical education (MBBS) from Raichur Institute of Medical Sciences under the Rajiv Gandhi University of Health Sciences (RGUHS), Karnataka. Driven by a commitment to child healthcare, she pursued her postgraduate specialist training and was awarded the prestigious Diplomate of National Board (DNB) in Paediatrics by the National Board of Examinations (NBE), New Delhi. She is formally registered with the Karnataka Medical Council (KMC No. 110682). At Manipal Hospital Electronics City, Dr. Gowthami K L

provides a comprehensive range of paediatric healthcare services. Her clinical focus covers newborn and infant health, routine and catch-up immunisations, nutritional assessment, growth and developmental monitoring, paediatric infectious diseases, and respiratory illnesses. As a best paediatrician in Electronics City, she focuses on early diagnostic evaluation, preventive healthcare strategies, and the systematic management of common childhood ailments, ensuring children achieve optimal developmental milestones. Dr. Gowthami works in close coordination with multidisciplinary healthcare teams to offer structured, individualised treatment plans. Recognised as a best paediatrician in Electronics City, she prioritises clear communication and parental counselling, empowering families with actionable guidance on child nutrition, preventative wellness, and disease management. Fluent in English and Kannada, Dr. Gowthami couples her clinical acumen with an empathetic and reassuring bedside manner, fostering long-term trust and continuity of care for young patients and their families.
