

DR. SUSHANTH S

Consultant - Plastic, Reconstructive & Aesthetic Surgery

Qualification

MBBS | MS | MCH (Plastic Surgery)

Overview

Dr. Sushanth S is a skilled plastic, reconstructive, and aesthetic surgeon in Electronics City, Bengaluru, bringing over 10+ years of dedicated surgical experience across microvascular surgery, aesthetic enhancements, complex trauma reconstruction, and oncoplastic procedures. Dr. Sushanth S is currently practising as a Consultant - Plastic, Reconstructive & Aesthetic Surgery at Manipal Hospital Electronics City, Bengaluru, where he delivers structured, evidence-based, and patient-centric surgical solutions. Having performed over 5,000 surgeries across plastic, reconstructive, and cosmetic domains, he is widely regarded as one of the best plastic and cosmetic surgeons in Electronics City, Bangalore. Dr. Sushanth completed his undergraduate medical education (MBBS), followed by an MS in General Surgery and an MCh in Plastic Surgery. Committed to continuous surgical mastery, he undertook intensive specialised training and fellowships across India and internationally. These include a Fellowship in Advanced Cosmetic Surgery under Dr. Rajat Gupta in New Delhi (2021), advanced training in Plastic & Reconstructive Surgery at Ganga Hospital, Coimbatore (2018), and Oncoplastic

Surgery training at Tata Memorial Hospital, Mumbai (2018). He also trained in cleft repair under Dr. Rajesh Pawar at KLE Belgaum (2018), hair transplantation under Dr. Ramachandran at Apollo Hospitals Chennai (2018), and dermatosurgery at Bangalore Medical College (2018). Expanding into cutting-edge subspecialties, he completed a Fellowship in Oncoplastic Surgery under Dr. Manish Jain at HCG Hospital, Jaipur (2026), and a Clinical Observership in Supermicrosurgery and Lymphatic Surgery at Peking University, China (2026). At Manipal Hospital Electronics City, Dr. Sushanth S manages a comprehensive spectrum of reconstructive challenges and aesthetic transformations. As a top reconstructive and microvascular surgeon in Electronics City, Bangalore, his operative repertoire includes complex microvascular surgery, having performed over 250 free flap surgeries with a 95% success rate, alongside 250 oncoplastic free flap reconstructions for head and neck as well as oral malignancies. He is a specialist in hand surgery and replantation, with more than 1,000 hand trauma procedures ranging from simple repairs to severe crush injuries. His clinical practice covers faciomaxillary trauma with over 500 facial bone fracture surgeries, extensive acute burns management and post-burn contracture correction (drawing from over 750 surgeries at Victoria Hospital), lymphedema surgery, diabetic foot management, and paediatric plastic surgery. On the aesthetic front, he provides advanced cosmetic procedures including rhinoplasty, liposuction, and nanofat grafting. Fluent in Kannada, English, Hindi, and Tamil, Dr. Sushanth combines high surgical precision with empathetic patient counselling, ensuring personalised treatment planning, diligent procedural safety, and dedicated postoperative rehabilitation.
