

DR. ARUNAVA ROY

HOD & Senior Consultant - Gynecologic Oncology

Qualification

MBBS | DGO | DNB (O&G) | Clinical Fellowship in Gynaecologic Oncology and Fellow of Indian Academia of Obstetrics & Gynaecology

Overview

Dr. Arunava Roy is a HOD & Senior Consultant - Gynecologic Oncology in the Department of Gynecologic Oncology at Manipal Hospitals E.M. Bypass, Kolkata. With over 15 years of experience, he is a highly skilled expert in the diagnosis and treatment of cancers affecting the uterus, cervix, ovary, vulva, vagina, and peritoneum. He previously served as the Senior Consultant and Head of Gynecologic Oncology, Women Cancer Initiative, and Robotic Surgery at Medica Hospital, Kolkata. Dr. Roy completed his post-graduate training in Obstetrics and Gynecology, earning a DGO and DNB (O&G), before pursuing a Clinical Fellowship in Gynecologic Oncology at Tata Medical Center. His commitment to excellence led him to advanced training in robotic surgery, completing basic robotic surgery training in the USA and advanced robotic surgery in Belgium. Notably, Dr. Roy is the first and only robotic surgery trainer accredited by the European Society for Gynecologic Robotic Surgery (SERGS) in eastern India. Before joining Medica Oncology, Dr. Roy served as a Senior Consultant in Gyneco-Oncology and Robotic Surgery at Tata Medical Center, Kolkata. He specializes in robotic surgery, cervical cancer surgery, major

cytoreductive surgery, and HIPEC (Hyperthermic Intraperitoneal Chemotherapy) for ovarian and peritoneal malignancies. Dr. Roy is actively involved in the medical community and holds memberships in several prestigious organizations, including the Association of Gynaecologists of India (AGOI), where he serves as an Executive Body Member. Additionally, he is a Life Member of the European Society of Gynecological Oncology (ESGO), International Gynecologic Cancer Society (IGCS), Society of European Robotic Gynaecological Surgery (SERGS), Federation of Obstetric and Gynaecological Societies of India (FOGSI), Bengal Obstetric and Gynaecological Society (BOGS), and the Indian Academy of Obstetrics and Gynecology (IAOG).
