

DR. MOHAN CHANDRA MONDAL

Senior Consultant - Biochemist, Laboratory Medicine

Qualification

MBBS | MD | PhD

Overview

Dr. (Prof) Mohan Chandra Mondal is a Consultant in the Department of Biochemistry at Manipal Hospitals E.M. Bypass, Kolkata, with a remarkable career spanning over four decades. He brings a wealth of knowledge and expertise, having previously served as Senior Consultant and Postgraduate Teacher in the Department of LAB & BB-Biochemistry at a prestigious Superspecialty Hospital, Kolkata. A scholar of repute, Dr. Mondal earned his MBBS (1977), MD (1982), and PhD (1995) from Calcutta University, reinforcing his foundation in clinical biochemistry with a robust academic journey. His illustrious career includes 33 years of teaching experience across various medical colleges in West Bengal and beyond, mentoring countless medical professionals. Dr. Mondal’s clinical acumen is equally impressive, with over three decades of active involvement in clinical laboratory investigations since 1987. As an examiner, he has evaluated MBBS, MD, and PhD candidates from multiple universities in India for 30 years. He is the best Biochemistry Doctor in Embypass, Kolkata. Dr. Mondal’s administrative achievements include his tenure as the Head of the Biochemistry Department at N.R.S. Medical College, Kolkata,

before his retirement. His leadership extended to national platforms as the 2012 President of the Indian Association of Medical Biochemists (AMBI), a role that underscored his commitment to advancing the field. From 2002 to 2012, he served as the Secretary of the West Bengal State Chapter of AMBI, organising state and zonal conferences and fostering knowledge exchange. Since 2016, he has continued as the State Chapter President of AMBI. Additionally, his editorial expertise was showcased during his tenure as the Editor of the Indian Journal of Medical Biochemistry (2013-2015). A prolific contributor to scientific literature, Dr. Mondal has authored ten papers published in esteemed national and international journals, advancing research in medical biochemistry.
