

DR. MOUMITA CHATTERJEE

Consultant - Pulmonology

Qualification

M.B.B.S. | MD | DNB

Overview

Dr. Moumita Chatterjee is a Consultant in the Department of Pulmonology at Manipal Hospitals, E.M. Bypass, Kolkata, bringing over a decade of expertise in Respiratory Medicine and Critical Care. She holds an M.B.B.S. (2006), followed by an MD (2015) and a DNB (2016), equipping her with an extensive knowledge base and hands-on experience in diagnosing and managing a wide spectrum of respiratory conditions. Dr. Chatterjee specialises in the treatment of Chronic Obstructive Pulmonary Disease (COPD), Asthma, Bronchiectasis, Pulmonary Embolism, Interstitial Lung Disease (ILD), Tuberculosis, Pneumonia, Lung Cancer, and Obstructive Sleep Apnea. Her expertise extends to pleural diseases, occupational lung disorders, and allergies, making her a sought-after pulmonologist in Kolkata. She is adept at performing advanced bronchoscopic and pleural procedures, ensuring precise diagnosis and effective treatment for complex respiratory ailments. With a strong background in critical care, Dr. Chatterjee plays a pivotal role in managing life-threatening pulmonary emergencies, including acute respiratory distress and severe infections. Her patient-centric approach, coupled with evidence-based treatments, has earned her a reputation for excellence in pulmonary care. She is a top Pulmonologist in Embypass, Kolkata. At Manipal Hospitals, Dr. Chatterjee collaborates with a multidisciplinary team to deliver

comprehensive respiratory care, emphasising early diagnosis, lifestyle modifications, and advanced medical interventions. Whether managing chronic lung conditions, addressing occupational hazards, or providing critical care support, she remains dedicated to improving respiratory health and overall well-being. If you are seeking expert consultation for respiratory issues, Dr. Moumita Chatterjee's proficiency in pulmonology ensures the highest standards of diagnosis, treatment, and ongoing care.
