Overview

Dr. Cinjini Das is a HOD & Senior Consultant – Plastic & Reconstructive Surgery at Manipal Hospitals E.M. Bypass, Kolkata. With a robust academic background and significant clinical experience, she specialises in delivering advanced reconstructive solutions for complex medical conditions. She earned her MBBS degree in 2007 from Lady Hardinge Medical College, New Delhi, followed by an MS in General Surgery in 2011 at IPGMER and SSKM Hospital, Kolkata. Her pursuit of excellence led her to complete a Post Doctoral Fellowship in Surgical Oncology at Tata Medical Centre, Kolkata, in 2015, and an MCh in Plastic & Reconstructive Surgery from IPGMER, Kolkata, in 2018. Further refining her expertise, she pursued a Post MCh Fellowship in Reconstructive Microvascular Surgery at Narayana Superspeciality Hospital, Kolkata, in 2020. With over 16 years of specialised experience, Dr. Das brings a wealth of knowledge to her practice, emphasising microvascular reconstruction, head and neck cancers,

skin and soft tissue sarcomas, peripheral nerve surgery, tendon transfers, and managing hand trauma. Her adeptness extends to complex areas like congenital hand surgery, finger injuries, and late burn reconstruction, showcasing her comprehensive approach to patient care. A former Consultant at Medica Superspecialty Hospital, she has contributed significantly to the Medica Cancer Projects, focusing on tailored, patient-centric reconstructive strategies. Recently she has also completed her fellowship in Lymphedema surgeries which include Lymphovenous anastomosis and other techniques Dr. Das is an active member of esteemed professional organisations, including the Association of Surgeons of India, the Association of Plastic Surgeons of West Bengal, and the Association of Plastic Surgeons of India. Her unwavering commitment to advancing the field of plastic and reconstructive surgery is reflected in her continuous efforts to integrate innovative techniques and deliver exemplary patient outcomes.
