

DR. DILIP KUMAR PAHARI

Senior Consultant - Nephrology

Qualification

MD (Internal Medicine) | DM (Nephrology) | DNB (Nephrology) | FISN | FASN (USA) | FRCP (Glasgow) | FISN (International) | FISN (India) | Nephrology Fellow, Tufts, MA, USA

Overview

Dr. Dilip Kumar Pahari, a Senior Consultant in Nephrology at Manipal Hospitals, E.M. Bypass, Kolkata, is the first qualified nephrologist in West Bengal with an extensive career spanning over 40 years in kidney care, nephrology, and transplantation. Holding prestigious qualifications such as MBBS (1977), MD (Internal Medicine, 1982), DM (Nephrology, 1988), DNB (Nephrology, 1988), FISN, FASN (USA), FRCP (Glasgow) FISN (International) & FISN (India) Dr. Pahari has an ocean of expertise in the diagnosis and treatment of chronic kidney disease (CKD), acute kidney diseases, glomerulonephritis, hemodialysis, peritoneal dialysis, and renal transplantation. His expertise covers comprehensive renal care, including advanced dialysis procedures, kidney failure management, and preventive nephrology. Dr. Pahari has been instrumental in transforming kidney disease treatment in India, offering world-class dialysis treatments and nephrology care to thousands of patients. He is the most experienced Nephrologist in EM Bypass, Kolkata. His commitment to medical research has led him to co-author numerous research papers published in leading nephrology

journals, further advancing global kidney disease management standards. Patients trust Dr. Pahari for his exceptional expertise in managing end-stage renal disease (ESRD), diabetic nephropathy, hypertensive kidney disease, and genetic kidney disorders. As a fellow of multiple international nephrology organisations, he continuously updates his knowledge to incorporate the latest innovations in nephrology, dialysis, and renal transplant procedures. Recognised for his clinical excellence, compassionate care, and vast experience, if you are looking for a trusted kidney specialist in India. Dr. Pahari's expertise in comprehensive nephrology care, dialysis management, and renal transplantation makes him a top choice for patients seeking expert nephrology consultation and treatment.
