

DR. PARTHA PRATIM PURKAIT

Consultant - Pathologist

Qualification

MBBS | MD-Patho

Overview

Dr. Partha Pratim Purkait is a Consultant in the Department of Laboratory Medicine - Pathology at Manipal Hospitals, E.M. Bypass, Kolkata, bringing over two decades of medical expertise. With an MBBS (2003) and MD in Pathology (2013), Dr. Purkait specialises in Histopathology, Cytopathology, Haematology, and Clinical Pathology, offering comprehensive diagnostic solutions essential for precise disease management. His proficiency in Routine Histopathology and Tru-cut Biopsy ensures accurate tissue analysis, aiding in early Cancer detection. In Cytopathology, he is adept at Fine Needle Aspiration Cytology (FNAC), including conventional and USG/CT-guided FNAC, cervical cytology (PAP smear) using both conventional and liquid-based methods, malignant cell detection in body fluids, BAL fluid assessment, and brush Cytology. He is the top Pathologist in EMbypass Kolkata. His expertise in haematology encompasses Routine haematological investigations and detailed bone marrow studies, which are crucial for diagnosing blood disorders. In Clinical Pathology, Dr. Purkait conducts semen analysis and body fluid analysis, playing a pivotal role in fertility assessments and disease detection. His outstanding academic journey

includes being honoured as the ‘Best Outgoing Student’ in Pathology at CNMC (2013) and winning the First Prize in the Pathology Slide Seminar & Quiz Competition at EC Hospital, Kolkata (2012). Dr. Purkait’s commitment to diagnostic excellence, coupled with his vast knowledge and precision-driven approach, makes him a trusted name in Pathology.
