

DR. AMBER OBAID

Consultant - Radiologist

Qualification

MBBS | MD Radiodiagnosis

Overview

Dr. Amber Obaid, a Consultant in the Department of Radiology and Imaging at Manipal Hospitals, E.M. Bypass, Kolkata, brings extensive expertise in advanced diagnostic imaging. With an MBBS (2011) and MD in Radiodiagnosis (2013), Dr. Obaid specializes in conventional X-rays, mammography, and fluoroscopic procedures, including Barium studies, Retrograde Urethrography (RGU), Micturating Cystourethrography (MCU), and Intravenous Pyelography (IVP). Proficient in CT and MRI rotations, Dr. Obaid excels in ultrasound (USG) and color Doppler imaging, ensuring precise diagnosis for a wide range of conditions. His expertise extends to emergency USG and CT scans, enabling prompt and accurate assessments in critical cases. With a commitment to excellence in medical imaging, Dr. Obaid plays a crucial role in enhancing diagnostic accuracy, improving patient outcomes, and supporting multidisciplinary clinical decisions. Leveraging radiology technology, he ensures comprehensive evaluations for conditions ranging from musculoskeletal disorders and vascular abnormalities to oncological and neurological diseases. Patients benefit from his in-depth knowledge of routine and specialized

imaging techniques, facilitating early detection and effective treatment planning. As a key radiology consultant at Manipal Hospitals, Dr. Obaid contributes to the hospital's reputation for superior healthcare services, offering reliable diagnostic solutions with precision and care. Whether handling routine screenings or complex imaging cases, he remains dedicated to delivering high-quality, patient-centric radiology services in Kolkata.
