

DR. TANMAY BANERJEE

Consultant - Critical Care Medicine

Qualification

MBBS | MD (Internal Medicine) | MRCP | SCE Acute Medicine | MRCP (Acute Medicine) | EDIC | ESICM

Overview

Dr. Tanmay Banerjee, Senior Consultant in Critical Care Medicine at Manipal Hospitals, E.M. Bypass, Kolkata, is an accomplished physician with over 25 years of clinical experience, including 15 years in India's top government and private hospitals and more than a decade in international acute and intensive care. Holding prestigious qualifications such as MBBS, MD (Internal Medicine), MRCP, SCE Acute Medicine, MRCP (Acute Medicine), EDIC, and ESICM, he specialises in critical care, internal medicine, and acute medicine. His expertise spans managing complex conditions like sepsis, septic shock, multi-organ failure, ARDS, pneumonia, COPD, asthma, infectious diseases, heat stroke, hypertension, diabetes, thyroid disorders, and metabolic conditions. Passionate about enhancing critical care, Dr. Banerjee focuses on multidisciplinary team development, simulation-based training, patient safety, clinical leadership, and ICU interventions, including extracorporeal therapy and critical care imaging. His commitment to advancing medical research, audits, and innovative ventilation strategies plays a crucial role in optimising patient outcomes. A leader in critical care, he is dedicated to mentoring healthcare professionals and improving intensive care standards in India and globally. For those seeking expert critical care in Kolkata, Dr.

Tanmay Banerjee offers world-class treatment with a patient-centric approach at Manipal Hospitals.
