

DR. GOURAB GOEL

Consultant - Uro-Oncology

Qualification

MBBS(2014) | MS(General Surgery)(2018) | DNB (Urology)(2021) | MCH (Urology)(2021)

Overview

Dr. Gourab Goel is a Consultant in the Department of Uro-Oncology at Manipal Hospitals, E.M. Bypass, Kolkata, with extensive expertise in General Surgery, Urology, and Kidney Transplantation. Holding an M.B.B.S. (2014), MS in General Surgery (2018), MCh in Urology (2021), and DrNB in Urology, Dr. Goel has demonstrated exceptional proficiency in managing complex urological disorders through advanced surgical interventions, including minimally invasive procedures and endourology. His areas of interest encompass kidney transplants, uro-oncology, and minimal access surgery, positioning him as a leading urologist in Kolkata. He specializes in treating kidney stones, prostate conditions, male infertility, urological malignancies, and reconstructive urology. Dr. Goel's surgical acumen is backed by his ability to make critical decisions in emergency scenarios, ensuring optimal patient outcomes. His expertise extends to robotic-assisted urological surgeries and laparoscopic procedures, reflecting his commitment to staying at the forefront of medical advancements. As an active participant in continuous medical education, he has earned certifications from esteemed workshops, including the Live and Semi-Live 3D Laparoscopic Urological Operative Workshop by the Bengal Urological Society, the Master Course in Oral Malignancies from TMH Mumbai, and the FIAGES Jaipur Laparoscopic Surgery Workshop. His dedication to skill enhancement is further evident in his participation in the Hernia Update by the Rajasthan Association of Minimal Access Surgeons and the prestigious RAMAS International Conference. Dr. Goel's profound analytical skills, coupled with his harmonious collaboration with multidisciplinary teams, make him a trusted name in urology. Patients seeking expert urological care in Kolkata can rely on Dr. Gourab Goel for evidence-based treatments, surgical interventions, and comprehensive post-operative management.
