

DR. RAHUL NASKAR

Consultant - Laparoscopic, GI, General & Robotic Surgery and Laser Proctologist

Qualification

MBBS | MS (General Surgery) | FMAS | FIAGES | FALS (COLORECTAL)

Overview

Dr. Rahul Naskar is a distinguished Consultant at Manipal Hospitals EM Bypass, Kolkata, specialising in Laparoscopic, GI, General & Robotic Surgery and Laser Proctology. He has a strong academic background consisting of MBBS from a renowned Medical College, and MS in General Surgery from Calcutta College and Hospital, followed by FMAS, FIAGES and FALS (Colorectal). In his career spanning over five years, Dr. Naskar is dedicated towards providing patients with optimal care. He is a certified laser proctologist and is dexterous in performing minimally invasive and robotic surgeries. His knowledge and experience in disorders related to the gastrointestinal system enable him to perform various routine and complex surgical procedures, like hernia, colorectal and HPB surgeries, and he is adept at performing various laser surgeries for treatment of conditions like piles, fistula, pilonidal sinus, varicose vein and more. Dr. Rahul Naskar has served as a medical professional across eminent healthcare organisations, and has been a part of Manipal Hospitals EM Bypass, formerly known as Medica Superspeciality Hospital, since 2022. His disciplined approach and strong work ethic adorn his focus towards further learning, along

with his collaborative communication skills, enabling him to provide compassionate patient care.
