

## **DR. DIPANKAR GOSWAMI**

Consultant - Radiology & Imaging

### **Qualification**

MBBS | DMRD | MD-RadioDiag

### **Overview**

Dr. Dipankar Goswami is a highly experienced Consultant in the Department of Radio-Diagnosis at Manipal Hospitals, E.M. Bypass, Kolkata, with a distinguished career spanning over four decades. He earned his MBBS in 1976, followed by a DMRD in 1981 and an MD in Radio-Diagnosis in 1984, all from Calcutta University. Throughout his career, Dr. Goswami has worked across various healthcare institutions in India and abroad, gaining extensive expertise in X-ray reporting, ultrasonography (USG), and interventional radiology. His current role at Manipal Hospitals follows his tenure as a Senior Consultant Radiologist at Medica Superspecialty Hospital, Kolkata. Prior to this, he served as a Specialist Radiologist at Al Maria Medical Centre, Life Medical Centre, LLH Hospital, and Ahalia Hospital in Abu Dhabi, where he managed high-volume radiology workloads involving X-rays, USG scans, and USG-guided procedures such as FNACs. Dr. Goswami's professional journey includes significant academic contributions as an Assistant Professor in the Department of Radiology at KPC Medical College, Kolkata, and as a Clinical Tutor at NRS Medical College & Hospital, where he trained undergraduate and postgraduate students. He has also held

government positions, including Medical Officer roles at various West Bengal state hospitals and the Directorate of Health. With international experience in Saudi Arabia and extensive service in diagnostic centers across Kolkata, Dr. Goswami combines clinical precision with patient-centric care.
