

DR. ARHANA BANERJEE

Associate Consultant - Nephrology

Qualification

MBBS | DNB (Medicine) | DrNB (Nephrology)

Overview

Dr. Arhana is a nephrologist with more than eight years of experience, known for her expertise in comprehensive kidney care, including critical care nephrology and extracorporeal therapy. She has completed her MBBS (2016), DNB in General Medicine (2022), and DrNB in Nephrology (2026) from the National Board, New Delhi. She is skilled in managing a wide spectrum of kidney disorders, including acute kidney injury (AKI), chronic kidney disease, and hypertension. Dr. Arhana has extensive experience in renal transplantation, having supervised over 200 cases, including cadaveric, ABO- and HLA-incompatible, and repeat transplants. She is also proficient in perioperative and long-term management of renal transplant patients. Trained in critical care nephrology with expertise in extracorporeal therapies. Experienced in dialysis care and nephrology interventions such as renal biopsy, hemodialysis catheter insertion, and permacath placement. Focused on preventive nephrology, including diabetic kidney disease management and slowing disease progression. Committed to promoting kidney health through patient education and public awareness initiatives.
