

DR. SANJAY GARG

Consultant - Urology and Andrology

Qualification

MBBS | MS (General Surgery) | M.Ch (Urology)

Overview

Dr. Sanjay Garg is currently associated with Manipal Hospital Ghaziabad as a highly qualified and experienced Urologist and Andrologist. He is known as the best urologist in Ghaziabad with an experience of 25+ years in this field. Dr. Sanjay completed his MBBS from the University of Rajasthan in 1997, MS - in General Surgery from the University of Rajasthan in 2000, and M.Ch - Urology from PGIMER, Chandigarh, India in 2007. His areas of expertise include Endourology (RIRS & Laser Surgeries), Oncosurgery, Andrology, Renal transplantation, Female Urology, Reconstructive Urology, and Laparoscopic surgeries. He is regarded as the best urologist in Ghaziabad. Dr. Sanjay is fluent in Hindi and English. This linguistic capability permits him to lay out areas of strength for his patients, advancing patient-focused care and compelling doctor-patient communication. According to the patient reviews he pays thorough and precise attention to detailed diagnoses. He is known for his compassionate and kind treatment of his patients. Dr. Sanjay actively participates in online and offline campaigns to share accurate medical information with the public. He has authored an article titled ‘5 ways to

prevent UTI right after your periods' in HT Healthshots and did an exclusive story on 'Acute Pyelonephritis Episodes: A Critical Kidney Infection That Should Not Be Ignored' in The Healthsite. Dr. Sanjay stands amongst the best urologists in Ghaziabad known for his customised and holistic treatment approach. He also guides and supports his patients in their postoperative recovery phase and helps them heal faster. His patients always appreciate his compassionate and professional conduct. Besides offering optimum care to the patients Dr. Sanjay also participates in national and international seminars to keep abreast with the latest developments in the medical world. He also ensures that his patients are making informed and confident decisions, hence he educates, counsels and answers all the queries that they may have regarding any aspect of the treatment.
