

## DR. RANJANA BECON

Consultant - Obstetrics & Gynecology

### Qualification

MBBS | MD (Obs & Gyane)

### Overview

Dr. Ranjana Becon is a reputed gynecologist in Ghaziabad. She has vast experience and is highly qualified. Dr. Ranjana is currently associated with Manipal Hospital Ghaziabad as a consultant with the Department of Obstetrics & Gynecology. She is soft-spoken, sincere, professional and compassionate. Her areas of expertise include fertility and high-risk pregnancy. She is fluent in Hindi and English and ensures that her patients can communicate and share their concerns freely as it will help her plan a customised treatment plan. She also maintains the confidentiality of patients' data and transparency while communicating with them. The positive patient reviews she has earned are a testament to her pragmatic approach and optimum care. Dr. Ranjana is a firm believer in patient's rights and she ensures that her patients are making informed and confident decisions. To ensure that she educates, and counsels them and clears all the queries they may have regarding any aspect of the procedure. Dr. Ranjana pays thorough and precise attention to detailed diagnoses. She is skilled in performing diverse medical procedures and uses the latest state-of-the-art equipment at Manipal Hospital Ghaziabad. Dr. Ranjana is always ready to adopt new techniques and modify her approach if it enhances the patient experience in any manner. Apart from offering customised treatment, she also actively participates in national and international seminars that talk about the latest technical advancements and medicines. Dr. Ranjana also shared an exclusive article on 'Complications in pregnancy due to PCOD' with Onlymyhealth by Jagran New Media. Obstetrics involves care during pregnancy, childbirth and the postpartum period. Gynecology deals with reproductive health and the functions and diseases specific to women and girls. Dr. Ranjana has a multi-disciplinary approach wherein she also consults other experts from other departments where the case demands the intervention of other surgeons. Her holistic and pragmatic approach towards treatment makes her stand apart from other gynaecologists in Ghaziabad. She frequently shares blogs and appears in YouTube videos for Manipal Hospital to disseminate medically accurate information to the public.
