

DR. SHISHIR NARAIN

Consultant - Opthalmology

Qualification

MBBS | MS | FRCS | FRCO(London)

Overview

Dr. Shishir Narain is a highly accomplished ophthalmologist at Manipal Hospitals, Ghaziabad, with over 27 years of clinical experience in managing complex eye conditions. He holds an MBBS degree (awarded Best Medical Graduate in 1990) and completed his MS in Ophthalmology from the prestigious Guru Nanak Eye Centre, New Delhi. His international credentials include FRCS (Edinburgh) and FRCOphth (London), reflecting his global training and commitment to excellence in eye care. Dr. Narain further specialized in uveitis, retinal disorders, and vitreoretinal surgery through an advanced fellowship at Sankara Nethralaya, Chennai—one of India's most renowned eye institutes. Over the years, he has developed exceptional expertise in cataract surgery, refractive procedures, glaucoma management, and retinal disease treatment. Having trained and worked at leading eye care centers across India and abroad, Dr. Narain brings global experience and cutting-edge knowledge to his practice. He is known for his meticulous surgical skills, patient-focused care, and in-depth understanding of both routine and advanced ophthalmic conditions. At Manipal Hospitals, Ghaziabad, he provides comprehensive consultation

and surgical solutions using the latest technology and evidence-based protocols. His practice is centered on safety, precision, and ethical treatment, ensuring the highest standards of eye care for every patient. Dr. Narain is also actively involved in academic and research work, with several national and international publications to his name. To consult with Dr. Shishir Narain, patients can book an appointment through Manipal Hospitals, Ghaziabad, for trusted and specialized eye care.
