

DR. KESHAV AGARWAL

Consultant - Urology

Qualification

MBBS | MS (General Surgery) | M.Ch. (Urology) | DrNB | MRCS

Overview

Dr Keshav Agarwal is a highly skilled and accomplished urologist with expertise in advanced urological care, robotic surgery, uro-oncology, and renal transplantation. Known for his clinical excellence and patient-focused approach, he has earned the trust of patients seeking specialised treatment for complex urinary and reproductive system disorders. As a leading consultant at Manipal Hospital Ghaziabad, Dr Keshav Agarwal is widely recognised as a top urologist in Ghaziabad, offering comprehensive care supported by the latest medical technology and evidence-based treatment protocols. With an impressive academic background that includes MBBS, MS in General Surgery, and M.Ch. In Urology, Dr NB, and MRCS, Dr Agarwal brings extensive knowledge and advanced surgical expertise to his practice. His strong foundation in urological sciences enables him to manage a broad spectrum of conditions affecting the kidneys, bladder, prostate, ureters, and male reproductive system. One of Dr Keshav Agarwal's key areas of expertise is robotic and minimally invasive urological surgery. These advanced techniques allow for greater surgical precision, smaller incisions, reduced postoperative discomfort, and

faster recovery. His proficiency in robotic-assisted procedures helps patients benefit from modern treatment options while minimising complications and hospital stay durations. Dr Agarwal also specialises in uro-oncology, providing advanced treatment for cancers of the kidney, bladder, prostate, and urinary tract. His comprehensive approach combines accurate diagnosis, personalised treatment planning, and state-of-the-art surgical interventions to achieve optimal patient outcomes. In addition, he has significant expertise in renal transplantation, helping patients with end-stage kidney disease access life-changing treatment solutions. Beyond clinical practice, Dr Agarwal remains actively engaged in academic research and surgical innovation. His dedication to continuous learning and adoption of advanced techniques enables him to stay at the forefront of modern urology. This commitment allows him to deliver world-class care while maintaining the highest standards of safety and excellence. For patients searching for Dr Keshav Agarwal or a top urologist in Ghaziabad, he offers a unique combination of advanced surgical expertise, robotic technology, and compassionate patient care. His focus on clinical excellence and long-term patient outcomes continues to make him one of the most trusted urology specialists in Ghaziabad and the surrounding NCR region.
