

DR. NEHA

Consultant - Pediatrician

Qualification

MBBS | MD

Overview

Dr. Neha is a seasoned and compassionate pediatrician with over 15 years of clinical experience, specializing in developmental and behavioral pediatrics, respiratory emergencies, critical care, and neonatology. She holds an MBBS and MD in Pediatrics and has built a reputation for delivering expert care across a broad spectrum of child health conditions. Dr. Neha is particularly known for her work in developmental and behavioural paediatrics, where she supports children with developmental delays, behavioural challenges, and learning difficulties. She is deeply committed to early diagnosis and intervention, helping children achieve their full potential through tailored management plans and parental guidance. Her expertise in managing respiratory emergencies and pediatric critical care makes her an invaluable asset in high-pressure scenarios. From acute asthma attacks to severe infections requiring intensive care, Dr. Neha ensures timely, evidence-based interventions that prioritize the child's safety and recovery. In neonatology, Dr. Neha provides specialized care for newborns, including preterm and low birth weight infants, and those with complex medical needs. Her calm, thorough, and family-focused

approach has brought comfort to countless parents navigating the challenges of neonatal health. Throughout her career, Dr. Neha has been recognized for her clinical excellence, clear communication, and dedication to the holistic well-being of her young patients. She believes in partnering with families, educating them about their child's condition, and empowering them to actively participate in care decisions. Dr. Neha also engages in continuous learning, regularly attending conferences and workshops to stay abreast of the latest developments in pediatric medicine. With her rich experience and heartfelt commitment to children's health, Dr. Neha continues to make a meaningful impact in the lives of families, offering care that is as expert as it is compassionate.
