

DR. HARSH TYAGI

Consultant - Dermatologist

Qualification

MBBS | M.D. (Dermatology)

Overview

Dr. Harsh Tyagi is a highly skilled and trusted dermatologist in Ghaziabad, specialising in the diagnosis and treatment of a wide range of skin, hair, nail, and sexually transmitted disorders. Known for his evidence-based approach, clinical precision, and patient-centric care, Dr. Harsh Tyagi's dermatological services are sought by patients looking for effective and long-lasting solutions to both common and complex dermatological concerns. With specialised training in Dermatology, Venereology, and Leprosy, Dr. Harsh Tyagi provides comprehensive care for individuals of all age groups. His expertise spans the management of acne, fungal infections, eczema, psoriasis, dermatitis, pigmentation disorders, bacterial and viral skin infections, allergic skin conditions, and chronic inflammatory skin diseases. He is equally experienced in treating hair and scalp disorders, including hair fall, alopecia, dandruff, scalp infections, and various nail disorders that require specialised dermatological evaluation and treatment. As a leading dermatologist in Ghaziabad, Dr. Tyagi believes that successful treatment begins with an accurate diagnosis. He adopts a thorough and personalised approach to patient care, carefully assessing each

condition before designing customised treatment plans tailored to individual needs. His focus extends beyond symptom management to addressing the root cause of dermatological concerns, helping patients achieve healthier skin and improved quality of life. Dr. Harsh Tyagi dermatologist expertise also includes the diagnosis and management of sexually transmitted infections (STIs) and other specialised dermatological conditions requiring advanced medical care. He remains committed to incorporating the latest scientific advancements, modern pharmacological therapies, and evidence-based treatment protocols into his clinical practice, ensuring that patients receive the highest standard of dermatological care. Patients appreciate Dr. Harsh Tyagi for his approachable nature, detailed consultations, and commitment to transparent communication. He ensures that every patient understands their diagnosis, treatment options, expected outcomes, and preventive strategies, fostering confidence and trust throughout the treatment journey. Widely recognised as a dependable dermatologist in Ghaziabad, Dr. Tyagi combines medical expertise, compassionate care, and a results-oriented approach to deliver comprehensive dermatological solutions. Whether addressing chronic skin diseases, hair loss concerns, nail disorders, or complex dermatological conditions, Dr. Harsh Tyagi remains dedicated to helping patients achieve healthier skin and enhanced confidence through safe, effective, and personalised treatment.
