

DR. NEERAV TYAGI

HOD - Pulmonology

Qualification

MBBS | MD (Pulmonary Medicine)

Overview

Dr. Neerav Tyagi is a highly accomplished Pulmonologist with over 25 years of extensive experience in respiratory medicine. Widely recognised as one of the most established lung specialists in Ghaziabad, he has dedicated his career to the diagnosis, treatment, and management of a broad spectrum of respiratory disorders. His expertise, combined with a patient-centric approach and commitment to clinical excellence, has earned him the trust of thousands of patients over the years. Dr. Tyagi completed his MBBS from King George Medical College before pursuing his MD in Pulmonary Medicine from the same prestigious institution. With a strong academic foundation and decades of clinical practice, he has developed exceptional expertise in managing both common and complex respiratory conditions. His core areas of interest include pulmonary medicine, bronchoscopy, tuberculosis, critical care, and advanced respiratory disease management. A pioneer in his field, Dr. Tyagi played a significant role in establishing bronchoscopy services in Western Uttar Pradesh, making advanced diagnostic procedures more accessible to patients across the region. He has extensive experience in performing

bronchoscopic procedures and managing patients with chronic lung diseases, respiratory infections, airway disorders, and other complex pulmonary conditions. Throughout his career, he has successfully handled high-volume outpatient and inpatient cases while consistently delivering evidence-based and compassionate care. In addition to his clinical expertise, Dr. Tyagi has held several leadership roles in healthcare, contributing to the development of specialised pulmonary services and strengthening clinical standards. His experience in hospital administration has enabled him to establish and enhance respiratory care programmes while mentoring healthcare professionals and promoting quality patient care. Dr. Tyagi's professional journey also includes valuable national and international clinical exposure. He has worked at several reputed healthcare institutions and gained teaching experience at a university teaching hospital overseas, where he trained medical students while managing a diverse range of respiratory cases. His contributions to pulmonary medicine are further reflected through the publication of multiple research papers in recognised medical journals. Fluent in both English and Hindi, Dr. Tyagi is known for his empathetic communication, meticulous clinical evaluation, and personalised treatment plans. His unwavering commitment to advancing respiratory healthcare, coupled with decades of experience and clinical expertise, makes him a trusted choice for patients seeking comprehensive care for lung and breathing disorders.
