

DR. HARDIK PATEL

Associate Consultant - Nephrologist & Transplant Physician

Qualification

MBBS | MD (Medicine) | MRCP SCE (Nephrology) | DrNB (Nephrology)

Overview

Dr. Hardik Patel is a highly dedicated Associate Consultant Nephrologist and Transplant Physician. He has over six years of experience managing a wide range of complex nephrology and renal transplant cases. He specialises in ABO-incompatible and high-risk kidney transplantation. He showcases advanced expertise in interventions like kidney biopsies and vascular access creation for haemodialysis. Dr. Patel is skilled in all modalities of renal replacement therapy. He also helps provide comprehensive care to patients with acute kidney injury, chronic kidney disease, and other nephrology disorders. He is the foremost Kidney Specialist in Goa. Dr. Hardik Patel is actively involved in research, contributing to peer-reviewed publications and presenting findings at national conferences. His dedication to patient-centric care extends to organising education programmes and collaborating with multidisciplinary teams to deliver the best healthcare outcomes. With a focus on innovation and compassion, Dr. Patel ensures personalised care for each patient, making him a trusted expert in his field. He is committed to advancing nephrology through clinical excellence and academic contributions.

Dr. Patel is an active member of the International Society of Nephrology (ISN), the Indian Society of Nephrology, and the Indian Society of Organ Transplantation. Dr. Hardik Patel has managed numerous nephrology cases, performed over 125 natives and 73 transplant kidney biopsies, and successfully placed more than 200 tunnelled cuffed permcaths. He has delivered comprehensive patient care, collaborated with multidisciplinary teams, and gained foundational experience in nephrology.
