

DR. GARGI SHISHIR KADKADE

Consultant - Radiology

Qualification

MBBS | DMRD | DNB- Radiology

Overview

Dr. Gargi Shishir Kadkade is a compassionate and skilled radiologist. She is currently working at Manipal Hospitals, Goa, as a consultant radiologist. With a calm and caring approach, she helps patients get the right diagnosis through safe and accurate imaging techniques. Her work is all about making sure patients feel supported while finding answers to their health concerns. Dr. Gargi began her medical journey at Goa Medical College, where she completed her MBBS. She further specialised in radiology with a DMRD from the same college. She later earned her DNB Radiology at Jehangir Hospital, Pune. To deepen her expertise, she pursued a fellowship in Musculoskeletal Radiology and continues to learn every day through hands-on work and advanced training. Dr. Gargi has rich experience across government and private hospitals in Goa and Pune. Over the years, she has helped thousands of patients through various types of scans and tests such as X-rays, CT scans, MRI, ultrasound, mammography, and more. Her special interest lies in musculoskeletal radiology, which focuses on bones, joints, and soft tissues. Dr. Gargi has also been recognised for her academic excellence. She is a gold medallist in ENT, General Medicine, and

General Surgery during her MBBS, as well as in her DMRD exams. She also won first prize in a radiology quiz by the Pune Radiology and Imaging Association and received a letter of commendation from the National Board of Examinations for her thesis work. Gargi is known for her gentle nature and strong communication skills. She believes in simplifying complex medical information for her patients. She speaks English, Hindi, Konkani, and Marathi, making it easier for people from different backgrounds to feel understood and comfortable. When patients come to Dr Gargi, they can expect care that is thorough, respectful, and always focused on their well-being. She is the top Radiology Doctor in Goa.
