Overview

Dr. Prince Gupta is a highly qualified and experienced Orthopaedic & Knee Replacement surgeon in Gurugram. He completed his MBBS from Bharati Vidyapeeth Medical College, Pune, in 2001-2005, MS in Orthopaedics from Bharati Vidyapeeth Medical College, Pune in 2007-2010, MCh in Orthopaedics, Fellowship in Joint Replacement, Fellowship in Joint Reconstruction, and Fellowship in Shoulder & Upper Limb Surgery. The vast knowledge and experience he possesses make him one of the most trusted Orthopaedic and Knee Replacement Surgeons in Gurugram. Dr. Prince conducts thorough patient consultations to understand their medical history, symptoms, and concerns. He performs a variety of physical examinations and diagnostic tests, such as X-rays, MRIs, and CT scans, to diagnose the cause of pain/discomfort the patient is experiencing. This helps him develop and implement individualised treatment plans, including medication, physical therapy, bracing, and surgery, that focus on quick

recovery. The patients of Dr. Prince always share positive feedback for his conduct and treatment approach. His patients admire his professionalism, sincerity, and sympathetic demeanour. Dr. Prince participates in national and international conferences, seminars and events that discuss developments in the medical world. This helps him stay up-to-date with the latest advancements and best practices. He is fluent in Hindi, English and Marathi and has treated patients from diverse geographical and cultural backgrounds. In addition to this, Dr. Prince also participates in the events organised by Manipal Hospitals and shares articles for the official blog page to share the right medical information and bust common myths related to bone health. Dr. Prince is always eager to take new initiatives and upgrade his treatment approach if it enhances the patient experience in any way. He also coordinates with other departments if a case demands a multi-disciplinary approach.
