

DR. VIKAS CHOUDHARY

HOD & Consultant - Radiation Oncology

Qualification

MBBS (RGUHS) | DNB (Jaslok Hospital, Mumbai) | MNAMS (New Delhi)

Overview

Dr. Vikas Choudhary is one of the best HOD & Consultant - Radiation Oncology in Gurugram. He has more than 14 years of experience in the field and has performed 2500+ radiation treatments. His areas of expertise include the latest and advanced radiation treatment with Immunotherapy and targeted & conventional chemotherapy. He is an expert in precision modern radiation treatment- IMRT, IGRT, VMAT, SBRT, SRS, Adaptive RT, Respiratory Gating & all types of Brachytherapy. Dr. Vikas also holds expertise in treating all cancers as per international guidelines and strictly follows evidence-based management. He is an expert in the treatment of disorders related to Head & Neck oncology, Neuro-oncology, Breast & Thoracic oncology, Gynaecology oncology, Gastrointestinal & Genitourinary oncology, and Paediatric oncology. He is the foremost Radiation Oncologist in Gurugram. Dr. Vikas is fluent in multiple languages, like English, Hindi, Punjabi, Marwari, Marathi and Kannada and has treated patients from across the country. His multilingual ability allows for clearer communication of symptoms, concerns, and medical history, leading to more accurate diagnoses and treatment plans. This also helps him

have a deeper understanding of the cultural beliefs and practices of their patients' backgrounds. This cultural sensitivity allows Dr. Vikas to tailor treatment plans and communication styles to better fit the patient's needs and preferences. Dr. Vikas has garnered positive reviews from his patients, which is a testament to the sincere work he is doing. His compassionate behaviour, sincere approach and the spirit to leave no stone unturned in providing optimum care to each patient are appreciated by patients and staff alike. Dr. Vikas won the award for the best Emerging and Outstanding Young Oncologist of the year 2019. He has also contributed articles and research work to many globally renowned publications and to national and international medical journals.
