

DR. ROMI SINGH

HOD & Consultant - Anaesthesiology and Critical care

Qualification

MBBS | DNB (Anaesthesiology)

Overview

Dr. Romi Signh is a reputed and highly experienced HOD & Consultant - Anaesthesiology and Critical Care in Gurugram. She has 12 years of experience in critical care. Dr. Romi specialises in critical care and the administration of anaesthesia and pain management during surgical and medical procedures. She ensures patient safety and comfort throughout the entire perioperative period (before, during, and after surgery). Dr. Romi conducts comprehensive pre-operative assessments, including a medical history review, physical examination, and diagnostic tests to determine the appropriate anaesthesia plan. She is the foremost Critical Care Specialist in Gurgaon. She selects and administers anaesthesia techniques (general, regional, or local) based on the patient's medical condition, surgical procedure, and preferences. Dr. Romi continuously monitors patient vital signs, cardiac function, oxygenation, and other physiological parameters during surgery to ensure patient safety. This critical care specialist in Gurgaon also provides post-operative pain management strategies, including medications and regional anaesthesia techniques. In addition to offering a safe and personalised anaesthesia plan to the patients, she

also participates in quality improvement initiatives and patient safety programs. Dr. Romi also actively participates in national and international events that discuss the developments in the medical field. Her patients admire her polite and passionate conduct and the sincerity with which she approaches every case. The positive reviews she has garnered over the years are a testament to the great work she is doing.
