

DR. VINEET KAUL

Consultant - Surgical Oncology

Qualification

MBBS | MS(ENT) | Fellow, Head and Surgery & Oncology(IFHNOS, MSKCC, New York)

Overview

Dr. Vineet Kaul is a Consultant in Head and Neck Surgical Oncology in Manipal Hospital, Gurugram. His reputation precedes him for an impressive amount of training, patient-focused care, and surgery performance spanning multiple years. Dr. Kaul’s fundamental qualifications are MBBS and MS in ENT, and to broaden his skillset, he completed the elite Fellowship in Head and Neck Surgery & Oncology at IFHNOS, MSKCC, New York, which is a notable cancer centre in the world. Fluent in English, Hindi, and Kashmiri, he communicates seamlessly with people from diverse backgrounds. With over 15,000 hours in the operating theatre, he has developed a steady hand and a keen judgement for complex procedures—qualities that his patients deeply value. Dr. Kaul's surgical repertoire is extensive and includes complex robotic head and neck surgeries, as well as cancers of the mouth, tongue, throat, and sinuses. He is also well known for his advanced skills in thyroid and parathyroid surgery and in treating complicated and uncommon neck tumours such as paraganglioma, carotid body tumours, and schwannoma. His care also extends to salivary gland surgeries, as well as scalp, facial, and orbital tumour

surgeries, truly challenging areas in the field of oncology that he is deeply committed to conquering. Dr. Kaul's journey includes consulting roles at prestigious institutions such as CK Birla Hospital, Artemis Hospital, and Fortis Hospital in Manesar, allowing him to further enrich his practice with multidisciplinary experience. He has also deepened his understanding of cancer treatment by observing at Tata Memorial Hospital, Mumbai, India's premier cancer institute. His dedication to research is evident in his many national and international scientific papers, which have helped advance knowledge in his field and contributed to improved patient care. Known for his gentle yet confident approach, Dr. Kaul strives to ensure that each patient feels heard, respected, and supported through every step of their cancer journey. He believes in the healing power of holistic care—combining innovative surgical methods with honest communication and a genuine sensitivity to each patient's fears and hopes. For those facing head and neck cancers, Dr. Vineet Kaul provides not just expert medical treatment but unwavering guidance and compassion.
