

DR. SHYAM BEHARI SHRIVASTAVA

Consultant - Dermatology

Qualification

MBBS | MD

Overview

Dr. Shyam Behari Shrivastava is a distinguished dermatologist in Gurugram with an extensive and commendable career spanning several decades. Holding an MBBS degree from the Government. Medical College Jhansi (Kanpur University, 1975) and an MD in Dermatology, Venereology & Leprosy from Maulana Azad Medical College, Delhi (1987), he has established himself as a trusted expert in managing diverse skin conditions including acne, eczemas, allergic disorders, sexually transmitted infections, psoriasis, diseases of hair and nails, and various bacterial, viral, and fungal infections, pigmentary disorders, and facial dermatoses. Renowned for his sincerity and ethical approach, Dr. Shrivastava's compassionate conduct towards patients has earned the appreciation of both his medical team and those under his care. His pragmatic approach to dermatology is well-reflected in his consistently positive feedback and excellent Google reviews, underscoring the trust and satisfaction he inspires among patients. An avid learner, Dr. Shrivastava remains at the forefront of dermatological advancements by actively participating in national and international conferences and events, ensuring he

integrates the latest technologies and treatment modalities into his practice. This dedication not only enriches his expertise but also elevates the quality of care he provides. Beyond clinical practice, Dr. Shrivastava has contributed significantly to dermatology education and research. He is the author of the widely respected “Textbook on Dermatology, including sexually transmitted infections & leprosy,” a valuable resource for students and practitioners alike. His scholarly work includes publications in several reputable national and international medical journals. His exemplary contributions to healthcare have been recognised through prestigious awards such as the Delhi State Award for Meritorious Services in Health Care (2009-10), the Delhi Government Award for services in Leprosy (2003), and the Dr. Sardari Lal Award for Academic Excellence (2008) from the Indian Association of Dermatology, Venereology & Leprosy (Delhi branch). Dr. Shrivastava’s blend of deep clinical knowledge, ethical integrity, compassionate patient care, and ongoing commitment to learning makes him a respected leader in dermatology.
