

DR. NEHA SINGH

Consultant - Nephrology

Qualification

MBBS | MD | DM

Overview

Dr. Neha Singh is a highly skilled and dedicated Consultant Nephrologist with a profound commitment to delivering exceptional kidney care. Backed by a rigorous academic foundation, she holds an MBBS, MD, and a super-speciality DM (Doctorate of Medicine) in Nephrology. Her advanced medical qualifications reflect her extensive training and deep understanding of complex renal systems, making her a trusted and authoritative expert in the field of kidney health. Dr. Singh brings a wealth of clinical expertise across a broad spectrum of kidney-related ailments. Her core areas of specialization include General Nephrology, where she focuses on the precise diagnosis and holistic management of conditions such as acute kidney injury (AKI), chronic kidney disease (CKD), and severe hypertension. She is also highly proficient in Renal Transplant care, providing meticulous pre-operative evaluation, immunological assessments, and comprehensive post-transplant management to ensure optimal outcomes and long-term graft survival for her patients. Furthermore, Dr. Singh has a specialised interest in Critical Care Nephrology. She is adept at managing high-risk, critically ill patients in the Intensive Care Unit (ICU)

who suffer from sudden and severe kidney dysfunction, utilising advanced, life-saving continuous renal replacement therapies. Her expertise also extends to the intricate treatment of Glomerular Diseases, managing complex autoimmune and structural conditions that affect the kidney's filtering units with targeted, evidence-based therapies. Known for her patient-centric approach, Dr. Singh believes in empowering her patients through education and active participation in their treatment plans. This way, the patients are aware of each step of their treatment. She understands that navigating kidney disease can be overwhelming, and she strives to provide compassionate, personalised care tailored to the unique clinical and lifestyle needs of each individual. Whether providing preventive care, managing chronic conditions, or handling life-saving transplant protocols, Dr. Neha Singh combines her clinical excellence with genuine empathy, making her a beacon of hope for patients navigating the complexities of kidney disease.
