

DR. RAGHAVENDRA H

Consultant - Rheumatologist

Qualification

MBBS | MD(Internal Medicine) | DM (Rheumatology & Clinical Immunology)

Overview

Dr Raghavendra H is a Specialist Rheumatologist who has succeeded in tending to different rheumatic problems. With a solid instructive establishment and an abundance of expert experience, Dr Raghavendra is focused on giving every one of his patients individualised, sweeping treatment. Father Muller Medical College in Mangalore awarded Dr Raghavendra his MBBS degree in 2012. He further pursued his postgraduate education and completed his MD in Internal Medicine from Rajasthan University of Health Sciences in 2016. His passion for rheumatology led him to pursue a DM in Rheumatology and Clinical Immunology from The Tamil Nadu Dr M.G.R. Medical University (TNMGRMU) in 2020, solidifying his expertise in the field. The treatment of rheumatoid arthritis is Dr Raghavendra's primary area of expertise, combining his in-depth knowledge and specialised training. He ensures that his patients receive the greatest care by keeping up with the latest research and treatment options for this condition. Along with other rheumatic disorders, he has extensive experience treating psoriatic arthritis, vasculitis, SLE, and other systemic autoimmune diseases. Dr Raghavendra is committed to his

patients above and beyond standard treatments. He further offers intra-articular injections to lessen pain and inflammation in troublesome joints to further enhance his patient's quality of life. His comprehensive approach to therapy ensures that every aspect of his patients' issues, including their physical, emotional, and psychological well-being, are addressed. He has presented talks and publications on various topics related to rheumatology. No wonder he is considered the best rheumatologist in Hebbal, Bangalore. His research includes studies on the efficacy of Tocilizumab in patients with Takayasu's arteritis, HLA phenotype prevalence in patients with Spondyloarthritis, and the estimation of Interleukin 1β levels in acute gout patients. Furthermore, he has contemplated the sociodemographic qualities and clinical-radiological attributes of stroke patients and made commitments to how we might interpret extraordinary illnesses, for example, lymphocytic hypophysitis and a twofold chambered right ventricle. Kannada, Hindi, Tamil, and English are languages that Dr Raghavendra is capable of. This linguistic versatility enables him to effectively communicate with patients from diverse backgrounds, ensuring clear and meaningful interactions throughout the treatment process. Throughout his career, Dr Raghavendra has earned recognition for his exceptional skills and contributions to the field of rheumatology. He was awarded a gold medal in DM Rheumatology and Clinical Immunology by TN MGR University, acknowledging his outstanding performance during his specialised training. Since 2012, Dr Raghavendra has held a registration number with the Karnataka Medical Council (94244). He is a respected and sought-after rheumatologist because of his enthusiasm for giving great patient consideration, immense skill, and obligation to consistent examination. Under his course, patients will get the most ideal consideration for their rheumatic sicknesses and will likewise have superior personal satisfaction.
