

DR. ANAND N S

Consultant - General and Bariatric Surgeon

Qualification

MBBS | DNB | FMAS

Overview

Dr. Anand N S is a renowned laparoscopic and bariatric surgeon with a passion for hernia repair and with an enviable reputation for minimal complications. He is presently associated with Manipal Hospitals, Hebbal, Bangalore as a consultant - general and bariatric surgeon with experience of over 19 years in this field of consultancy. Dr. Anand is one of the best laparoscopic and bariatric surgeons in Bangalore. He completed his MBBS from Bangalore Medical College and Research Institute in 2003. Further moving in his career he earned his DNB in general surgery in 2008, and then also completed his fellowship in Minimally Invasive Surgery and Minimally Invasive Bariatric Surgery from Rajiv Gandhi University of Health Sciences in Bangalore, India. He has been a consultant laparoscopic surgeon at Beams Hospitals for five years and a clinical associate at Fortis Hospital for three years before that. He is fluent in English, Hindi, and Kannada, making it easy for his patients to explain their concerns. Dr. Anand N S with his exceptional qualification has also gained specialisation in treating various issues under the department which includes piles treatment (non-surgical), endoscopy, fistula treatment, etc. He has performed surgeries such as

laparoscopic surgery, anal fissure surgery, and many others. He is known for the way he has handled several complicated medical cases and came out with positive results. No wonder he is considered the best bariatric surgeon in Hebbal, Bangalore. Dr. Anand is praised for his compassion towards work, immense attention and positive attitude. Due to his kind nature and strong work ethic, he is liked and respected by the fraternity members and his patients, leading to his reputation as one of the best in his domain. Dr. Anand N S is also an esteemed member of several prestigious medical organisations. Along with this, he is a member of several illustrious organisations, including the Association of Surgeons of India (ASI) which is dedicated to the field of surgery, and with this, he aims to promote and advance the science and art of surgery in India. The few services offered by the doctor are splenectomy, laparoscopic adjustable gastric band, mini-port surgeries, laparoscopic cholecystectomy, and laparoscopic nephrectomy. He along with his professional reach has made an in-depth impact on patient care and treatment, medical education, and the overall development in the field of medic.
