

DR. R SUNIL KUMAR

Consultant - Paediatrics

Qualification

MBBS | MD (Pediatrics) | DCH

Overview

Dr. Sunil Kumar R is an experienced paediatrician in Bangalore. He is currently practising as a Consultant – Paediatrics at Manipal Hospital, Hebbal, Bangalore. With over a decade of clinical experience in paediatrics and neonatology. Dr. Sunil Kumar R is known for his skilled and compassionate approach in treating children of all age groups. He holds an M.D. in Paediatrics from MKCG Medical College, Berhampur, and a DCH from GR Medical College, Gwalior. He completed his MBBS from Vijayanagar Institute of Medical Sciences, Bellary. Throughout his career, he has gained extensive exposure to inpatient and outpatient paediatric care, emergency services, neonatal intensive care, and paediatric intensive care units. Dr. Sunil has served in a wide range of clinical settings across India and abroad, including leadership roles at hospitals in Sharjah, Kerala, and Karnataka. His expertise spans common childhood conditions, neonatal care, immunisation, developmental assessments, and paediatric emergencies. He also has specialised experience in handling complex cases in NICU and PICU settings, with a particular emphasis on neonatal resuscitation and life support protocols. Beyond clinical care, Dr. Sunil has actively

contributed to academic teaching as an Assistant Professor in medical colleges, guiding undergraduate and postgraduate students in paediatrics. He has participated in multiple CMEs, national conferences like PEDICON, and hands-on workshops on neonatal and paediatric advanced life support, keeping him well-versed in the latest practices and protocols. His research work includes notable publications and case studies on paediatric hepatology, abdominal pain, diaphragmatic conditions, and neonatal infections. He is a top Paediatrician in Hebbal, Bangalore. In addition to clinical excellence, Dr. Sunil is appreciated for his ability to build rapport with young patients and their families, ensuring that medical care is not only thorough but also empathetic and child-friendly. His broad multilingual proficiency allows him to communicate effectively with families from diverse linguistic backgrounds, fostering trust and cooperation during the course of treatment.
