

DR. VISHNU MOTUKURU

Consultant- Vascular and Endovascular surgery

Qualification

MBBS | MS | FNB

Overview

Dr. Vishnu M is an expert vascular surgeon in Bangalore with over 20 years of experience. He's currently practicing as a Consultant - Vascular Surgery at Manipal Hospital Hebbal, Bangalore. His experience spans multiple areas, making him proficient in diagnosing and treating complex vascular conditions. Dr. Vishnu specializes in vascular trauma, venous angioplasty, stenting, and endovascular surgery. He has extensive expertise in managing conditions like aortic aneurysms, atherosclerosis, and carotid artery disease. He holds a strong background in sclerotherapy and angioplasty, offering both traditional and minimally invasive procedures to his patients. His knowledge and skills enable him to treat patients with diverse vascular conditions, ensuring that each patient receives personalized care and treatment plans. He obtained his MBBS from JSS Medical College, Mysore, and later completed his MS from Adichunchanagiri Institute of Medical Sciences, RGUHS. Dr. Vishnu also completed his DNB in Vascular Surgery, followed by a Fellowship in Vascular Surgery at a recognized institute. His commitment to continuous learning is further demonstrated by undergoing specialized training in thoracoabdominal

aneurysms and major vascular reconstructions in Germany. Throughout his career, Dr. Vishnu has worked in various capacities within the field of vascular surgery, gaining invaluable experience. He has assisted in vascular surgeries, coordinated global clinical trials, and participated in cutting-edge research. His expertise in managing diabetic foot complex vascular conditions and participating in clinical trials showcases his dedication to advancing vascular health care. Dr. Vishnu speaks English and Kannada fluently, allowing him to communicate effectively with a broad range of patients and their families.
