

DR. ASIFA KHALID

Senior Consultant – Dental Surgery

Qualification

BDS | Dip. in Endodontics

Overview

Dr. Asifa Khanum is a skilled dental practitioner in Bangalore. She is currently practising as a Consultant – Dentistry & Endodontics at Manipal Hospital Hebbal, Bangalore, bringing over 15 years of clinical experience in general dentistry, cosmetic procedures, and endodontic treatments. Her patient-focused approach, coupled with advanced technical proficiency, has earned her the trust of patients seeking both routine and complex dental care. Dr. Asifa holds a Bachelor of Dental Surgery (BDS) from the Bangalore Institute of Dental Sciences under the Rajiv Gandhi University of Health Sciences, India. She further pursued advanced training in endodontics from the National Institute of Clinical Endodontics, where she refined her skills in root canal therapy and rotary endodontic systems. Her ability to deliver high-quality care across various dental disciplines makes her an integral part of the dental team. Over the years, Dr. Asifa has worked across reputable dental setups, including Soham Dental Clinic and Signature Smiles and Braces, where she served as both a general dentist and an endodontist. She has a comprehensive skill set ranging from preventive and restorative procedures to prosthetic treatments such as

crowns, bridges, and dentures. Her expertise also includes cosmetic dentistry techniques like laser bleaching and composite restorations, alongside surgical capabilities in minor oral procedures. Dr. Asifa is well-versed in infection control, patient education, and multidisciplinary collaboration, ensuring that each patient receives tailored, evidence-based treatment. She is familiar with advanced materials and techniques, including composites, ART, and periodontal therapies like root planing and subgingival curettage. Her commitment to continuing education is reflected in her active participation in clinical workshops and conferences on prosthodontics, restorative dentistry, and dental laser technologies. Beyond her clinical roles, Dr. Asifa is known for her calm demeanour and effective communication skills, which enable her to ease patient anxieties and foster long-term oral health. Her ability to manage dental emergencies and deliver consistent results under pressure adds further strength to her clinical practice.
